

## **Please choose at least 7-10 questionnaires for your Artist Online Interview:**

The objective of this artist interview is for our gallery to promote your profile on our blog site, as well as to link you with our interested collectors or business partners. Some questions are light, some are serious. Please be honest when answering these questions. Most readers are able to sense your sincerity in your writing.

Also, please include a photo of your 'creative space' (where you create your amazing arts), and some examples of your work, or links on how to get them.

You can use this PDF to write down your answers or you can email us at [support@artatler.com](mailto:support@artatler.com) with your own word documents along with attached pictures and other useful information.
