

Wood Wick Sizing Chart

Our wick size descriptions are very “user friendly”. This method allows users to easily compare wick size and performance. This chart provides the candle maker with a starting point for wick selection. Your final wick selection will depend on wax blend, colour, and fragrance additives.

 Wick Style	 Product code	 Wick Dimensions	 Vessel Diameter*
Double Wood Wick	LCS-DLW60	10mm x 150mm	60mm x 70mm
Double Wood Wick	LCS-DLW70	13mm x 150mm	70mm x 90mm
Double Wood Wick	LCS-DLW90	16mm x 150mm	90mm x 110mm
Double Wood Wick	LCS-DLW110	20mm x 150mm	110mm x 120mm
Double Wood Wick	LCS-DLW120	22mm x 150mm	120mm x 140mm
S Wave Wood Wick	LCS-SW70	20mm x 120mm	70mm x 90mm
S Wave Wood Wick	LCS-SW90	30mm x 120mm	90mm x 110mm
S Wave Wood Wick	LCS-SW110	40mm x 120mm	110mm x 130mm
S Wave Wood Wick	LCS-SW180	80mm x 100mm	180mm x 220mm

* **Please Note:** Vessel diameters noted above are suggestions only. We recommend users conduct their own wick tests with each different combination of wax, colour, and oil they intend to use.
