**SECTION 5: FIREFIGHTING MEASURES****5.1 Extinguishing media**

**Suitable Extinguishing media** Water spray, foam, dry chemical or carbon dioxide.

**Unsuitable extinguishing media** Water jet – risk of spreading the fire.

**5.2 Special hazards arising from the substance or mixture**

During the combustion, harmful gases and vapours containing carbon oxides may be formed. Avoid breathing combustion products, because they can be hazardous to health. During the fire, a fast and uncontrolled reaction of polymerization may take place, as a result of which an explosion may occur, as well as rapid cracking of storage tanks.

**5.3 Advice for firefighters**

Wear self-contained breathing apparatus and appropriate protective clothing. Cool containers with water spray. Do not allow extinguishing water to enter drains, surface water and ground water.

**SECTION 6: ACCIDENTAL RELEASE MEASURES****6.1 Personal precautions, protective equipment and emergency procedures**

Avoid skin and eye contamination. Wear suitable protective equipment. Avoid breathing vapours. Ensure adequate ventilation. Eliminate all ignition sources.

**6.2 Environmental precautions**

Do not allow product to enter drains, surface water, ground water and soil.

**6.3 Methods and material for containment and cleaning up**

Absorb with sand, diatomaceous earth or vermiculite. Collected material transfer to tightly closed and appropriate labelled containers for disposal. Clean contaminated area with water.

**6.4 Reference to other sections**

Personal protection – see Section 8. Waste disposal – see Section 13.

**SECTION 7: HANDLING AND STORAGE**

**7.1 Precautions for safe handling**

Avoid skin and eye contamination. Do not eat, drink or smoke when using this product. Avoid breathing vapours. Product is sensitive to UV radiation – avoid exposure to sunlight. Keep container closed when not in use. Remove contaminated clothing immediately. Wash contaminated clothing before reuse. Wash skin thoroughly with soap and water after handling.

**7.2 Conditions for safe storage, including any incompatibilities**

Store in tightly closed original container in a dry, cool and well-ventilated place. Keep away from heat, sparks, open flames, hot surfaces. Protect from light.

**Storage temperature**

Store at temperatures between 5°C and 40°C. Avoid temperatures above 60°C.
