ABOUT THE FOUNDER:

Janie Velencia is a former journalist turned greeting card entrepreneur. A Michigander, (though she was born in Albania and immigrated to the U.S. at 5 years old) she moved to Washington to work in politics after graduating from the University of Michigan in 2013. She started The Card Bureau in 2016 as a side hustle that served as a creative outlet from election coverage. As a journalist Janie has worked for FiveThirtyEight, Huffington Post, and CQ Roll Call/Economist. Now she just writes copy for cards. Janie enjoys making products that help people think, laugh and connect with those they care about.

SOME QUICK INFORMATION

The Card Bureau is a woman and immigrant owned stationery and gift company. We got our start in 2016 selling local and politically themed greeting cards in Washington DC. Since then, we've expanded to offer more products in hundreds of stores across the country. Our designs are inspired by politics, feminism, and current events.

PRODUCT OVERVIEW

Greeting cards are A-2 size (4 1/4" x 5 1/2") printed on 120lb card stock. We use 70lb 100% recycled brown Kraft envelopes. Cards are packaged in a clear open-top sleeve. Everything is sold in minimum quantities of 6 per design, with the exception of select items. Boxed Sets of cards include 8 cards per box. Product minimums and prices are listed under each category. All of our products (except for onesies, enamel pins and gavel tops) are manufactured in the U.S. Onesies are printed locally and we manufacture the candles in-house. We vet and source ethically responsible vendors.

ORDERING

Opening order \$150 | Re-orders \$75. To place an order, email us wholesale@thecardbureau.com You can email us a purchase order or a list of items with the SKU's and quantities. Additionally, we're available on Faire. To place an order via Faire please visit www.thecardbureau.faire.com If you prefer to order directly through us and require terms, we can set you up with terms but will need to keep a credit card on file with permission to charge in 45 days if the invoice is not paid in time.

SHIPPING

Orders normally ship within 1-3 business days of receipt. We ship the cheapest way possible. If an item is out of stock, we will notify you right away. We can either send you an alternative item of equal value, or send the item in a separate shipment as soon as it becomes available at no additional shipping charge to you.

ABOUT OUR CANDLES

Our candles are packed with personality and sass, just like us!

Your customers are sure to get a kick out of these candle labels. And once they take them home to light, they're going to absolutely love them.

We've worked hard to build this collection of high quality natural soy hand-poured candles. We even custom blend most of our fragrances to match the candle sentiment. They're natural, vegan-made and contain toxic free fragrance oils. The vessel is an 8 oz jar with a silver tin lid.

We hand pour them in small batches in our warehouse in Lorton, VA
