

# HALLOWEEN APPETIZER BOARD

---

## WHAT WE USED

Mini Sweet Peppers  
Hummus  
1 Cucumber  
Pretzel Sticks  
String Cheese  
Crackers  
Pretzels  
Blue Candy Coating  
Edible Candy Eyes

## DIRECTIONS

1. To make Witch's Brooms: cut string cheese sticks into 4 pieces. Place one pretzel stick into each string cheese piece and use a pairing knife to make thin slices to give the appearance of broom bristles.
2. To make the Hummus "Pumpkin": place a large scoop of hummus in a shallow bowl. Use a spoon to create the lines of the pumpkin. Take a small piece of cucumber and cut stripes using a pairing knife. Place at the top of the hummus to look like a stem.
3. To make the Cucumber Jack O'Lanterns: peel and slice a cucumber into rounds. Use a pairing knife to cut out jack o'lantern faces in each.
4. To make Blue Pretzel Aliens: dip pretzels into melted blue candy coating. Top with edible candy eyes before the coating sets (can be purchased at most craft stores in the cake decorating aisle).
5. To make Sweet Pepper Ghosts: use a little bit of hummus to stick edible candy eyes to each pepper. \*Remove eyes before eating.
