

Modern Skin Care Inherited from the South

EXCLUSIVE PROTOCOL CONCEPTS

No. 1

Seaweed and Caviar Infusion Facial
Purifies, heals, soothes and plumps complexions with the perfect balance of seaweed from the warm waters of the South Atlantic and caviar from cold waters of the North Atlantic.

Sourced from the nutrient rich and pure waters of the oceans, the regenerative and unique marine ingredients in **Sapelo’s Seaweed & Caviar Infusion Facial** mitigate the aging effects caused by collagen, elastin and skin cell depletion. Organically extracted Red Arctic Caviar provides a ground-breaking, age management therapy that boosts luminosity and hydration and reduces redness and pigmentation. Mineral rich seaweed and kelp work as catalysts to support and accelerate the regeneration of collagen, elastin, hyaluronic acids and skin cells. The unique combination of ingredients in the treatment leave your complexion soft and plumped with visibly fewer lines.

Your **Seaweed and Caviar Infusion Facial** concludes with a generous application of Sapelo’s **Spring Tide Serum** which is infused with 5% of Red Arctic Caviar. The bio-active marine ingredient was originally developed to accelerate wound healing, and results from a Phase III Double-Blind, Randomized Study make our serum one of the world’s best products for revitalizing the skin.

No. 2

Immune-Boosting & Stress-Relief Facial

Stabilizes and restores skin's natural balance with **herbal adaptogens**.

For centuries, Chinese and Ayurvedic healing traditions have utilized herbal adaptogens to support our immune system's resistance to stressors of all kinds. Specific herbal extracts have been discovered to allow skin cells to 'adapt' and stabilize when our bodies are under stress.

Sapelo's botanical adaptogen facial brings your skin back to perfect balance. The perfect respite from the stressors of daily life, this facial will elevate the experience and will leave a calm that reflects the overall Sapelo experience and the peace of the Georgia coastline.

The mask is infused with hyaluronic acids, marine algae and hydrating botanicals, one of which is the **Resurrection Plant** extract. The resilient Resurrection Plant is revered for its ability to adapt to severe habitat changes and survive periods of environmental stress. Completely desiccated after a long dry summer, it becomes miraculously and rapidly green again with the first drops of rain.

While the immune-boosting balm is left to work on your face, neck and décolletage, you will receive a gentle and relaxing neck and shoulder massage especially designed to increase circulation in the upper body area. Sapelo's warming rub, infused with ginger, minerals and healing herbs, stimulates and relaxes muscles for therapeutic long-term benefits that will be felt and seen long after your treatment is over.

Our **Immune-Boosting & Stress-Relief Facial** will impart immediate benefits of a beautiful, youthful glow. But your complexion will be armed to thrive and relax in the following days, giving you a lasting sense of well-being.

After your healing therapy, you will be gifted an exclusive 10 ml **Sapelo Adaptogen Spray Tonic** that will continue to balance and protect your skin cells for days after your treatment. Spray the serum on clean skin before applying other serums or cream.

No. 3

Sapelo Milk & Honey Hydrating Facial

Improves hydration while calming skin with **honey** and nourishing **milk peptides**.

Designed by a board-certified OB/GYN for pregnant and nursing mothers, but now enjoyed by all with sensitive skin, **Sapelo's Milk & Honey Facial** swaddles the face and neck with milk peptides while local honey gently clarifies and hydrates complexions.

Ease hormonal skin disturbances and dehydration with a biological infusion of natural healing ingredients that impart a natural glow. Experience a healthy yet gentle pathway to skin, collagen, and elastin renewal. This facial gently calms the complexions of anxious brides and their maids and is the perfect boost of hydration prior to any big event, imparting a young, fresh and airbrushed finish.

No. 4

Get Your Skin in the Game Men's Anti-Aging Facial

Designed by Sapelo's team of male chemists and physicians, this face-saving treatment is a game changer for men with normal to oily skin.

Soothing aloe and skin conditioning seaweed, combine to make a gel mask treatment for the face and neck. The treatment exfoliates, deeply cleanses, then calms and soothes the face and neck. Essence of lemongrass and rosemary leave your skin and senses refreshed.

Enjoy a warming ginger-infused neck and shoulder rub while the mask soothes and conditions your face. Finish your treatment with an Aloe Splash that will keep your skin feeling soft for days.

Facial hair? We've got it covered. Sapelo offers an exclusive serum and oil for facial hair, both leaving your beard soft and clean.

After the face-saving treatment, we recommend our Anti-Inflammatory Face Lotion/Aftershave or Aloe Aftershave splash!

No. 5

Après Sea & Sun Gua Sha Express Facial

Calm, soothe and restore skin with Gua Sha heart-shaped **Cryotherapy Wands**.

A skin cooling and soothing experience that calms inflammation and irritation from a day filled with sun, chlorine, salt, wind, sand, sunscreen and laughter! Relax as your Gua Sha facial expert, deeply cleanses, massages and restores your complexion to its natural radiance.

Enjoy a soap-free cleanse that wipes away all free radicals from your complexion. Apply our **Seaweed Collagen Mask**, formulated with light oils to ensure the cryo-wands glide effortlessly over the face, neck and décolletage. The mask, infused with a high concentration of collagen, is pushed deep into the skin due to the circulatory benefits of the Gua Sha massage.

After a final cleanse and a gentle misting, the face is treated with Sapelo's Trio of Hydrating Serums, leaving your face beautifully restored with a radiance that has you ready for your next adventure.
