## BOXCHIP S700B RADIO

Thank you for purchasing the **BOXCHIP S700B** radio. This quick start guide will talk you through the basic features and functions of your new **S700B** radio. Smart key is function key, for knob turn, only zello and some platforms already matched can work.

## BOXCHIP S700B Overview

### Standard Included accessories:

- 1x Antenna (Model Dependent)
- 1x 3.8v 4500mAh Battery
- 1x USB C Cable
- 1x USB Charger
- 1x Belt Clip

# BOXCHIP

## S700 Series Antenna

The BOXCHIP S700 series have three antenna styles depending on the radio model.

- **S700B:** Short Antenna

## S700 Series Antenna Installation

Installing the *BOXCHIP S700B* antenna is as simple as screwing it on. Simply place the antenna on top of the SMA connector and screw clockwise.

**Please Note:** Once you start to feel resistance stop - **do not over tighten.**

## Dual SIM Card and Memory Card Installation

# BOXCHIP

**Step 1:** Remove the battery if pre-installed. (Follow the battery installation and removal procedure below if you are unsure how to do this)

**Step 2:** Locate the black silicone cover which is located in the middle of the device.

**Step 3:** Insert a small tool under the notch located to the left hand side of the silicone cover and pry it off.

**Please note:** The silicone cover can be a little tough to remove as it forms a waterproof seal protecting the internal electronics.

**Step 4:** Install the SIM card and/or memory card by sliding the retainer to the 'open' position (as marked) and insert the SIM/memory card. Once inserted simply slide the retainer to the 'locked' position.

**Step 5:** Reassemble by pushing the silicone cover back into place and sliding the battery back on.

## Battery Installation / Removal

### Battery Installation Procedure

**Step 1:** Slide the top tabs of the battery into the corresponding indents on the back of the radio housing

**Step 2:** Press down on the lower area of the battery to lock it into place.

**Please Note:** You will hear an audible click as it locks in place.

# BOXCHIP

## Battery Removal Procedure

**Step 1:** Press and hold the bottom “  ” button on the battery while simultaneously lifting from the base of the battery.

**Step 2:** Slide the battery out towards the base of the device.

## Belt Clip Installation (If Required)

**Step 1:** Place belt clip on top of the 2 corresponding belt clip installation holes at the rear of the device (just below the camera and *BOXCHIP* logo).

**Step 2:** Screw both screws in but do not over tighten.

## Dock Charger (Optional Accessory)

**Step 1:** Plug the appropriate USB C cable into the back of the dock and into the USB wall charging socket.

**Step 2:** Slot the *S700B* or battery into the dock as picture.

**Important:** Please read the information label at bottom of the dock before charging for the first time.
