

## MEASURE

It's important to measure both feet each time, as they are not always the same size.

1. Take a piece of paper and a pencil.
2. Lay the paper on the floor against a wall and stand on it (or get your child to stand on it) in socks with heels touching the wall (with the weight on both feet).
3. Draw a straight line from the tip of the longest toe (parallel to the wall), holding the pencil as vertically as possible.
4. Take a ruler and, holding it at right-angles to the wall, measure from the wall to the marked line.
5. Note down the measurement and check the size chart on the next page.

Cubs EU	Cubs US	cm	inch
18	US Kid's 2.5	10,80 - 11,40 cm	4,25 - 4,49 inches
19	US Kid's 3.5	11,40 - 12,00 cm	4,49 - 4,72 inches
20	US Kid's 4	12,00 - 12,60 cm	4,72 - 4,96 inches
21	US Kid's 5	12,60 - 13,20 cm	4,96 - 5,20 inches
22	US Kid's 5.5	13,20 - 13,81 cm	5,20 - 5,44 inches
