

THE VOLO HERO CUTS DRY TIME IN HALF

After taking the VOLO Hero for a spin, *ELLE Magazine* wrote: "I was honestly shocked when I tried the towel for the first time and won back the five to 10 minutes it usually takes to dry...Using the Volo towel let me skip the rough-dry step entirely."

Our super plush, absorbent material removes the water from your hair so you don't have to.

NO MORE FRIZZ

Friction damages your hair, so we avoid it like the plague. Instead of your rough bath towel, the soft, super light VOLO Hero dries your hair gently when it's wet (and most vulnerable).

STAYS PUT

Our unique snug strap keeps the VOLO Hero securely on your head while you get ready for the day, and the generous sizing makes it simple to fit all hair types. Do your makeup, dance around. We promise it will stay right where you need it.

MAKES A GREAT GIFT

Whether its for the holidays or for a bridal party, the gift of great hair is always in season. Can't figure out what to get your mother-in-law? We know the answer.

SUPPORTS EVERY PRODUCT

The VOLO Hero works in tandem with any of the products that you love, helping to enhance their efficacy by starting with a healthy, undamaged base.
