Foot Outline Chart

Please follow these instructions to provide us with accurate foot outlines.

Before you Measure:

1. Pull on the socks you would normally wear inside your boots.
2. Measure your feet later in the day since feet always swell during the day.
3. Measure both feet. Most people's feet are slightly asymmetrical.
4. Do this on a hard surface or book/magazine if you are on carpet.
5. Measure when standing.

RIGHT FOOT

EMAIL:.....

INTENDED BOOT:.....

Measuring:

1. Centre your foot along the black line.
2. Carefully move it backwards to the pen tip on the bottom base line.
3. Do not tilt the pen! Keep it straight!
4. Scan and send to us at info@lowaboos.com.au or www.fb.com/msg/lowaauz
