

## GREASE COUPLING

### Classic Range

Banlaw LubeCentral™ products are a selection of fluid transfer couplings designed for industrial environments. They feature exceptional durability, flow rate capability, and are known for their ability to avoid liquid contamination and spillage.

Banlaw's Classic range of couplings has been proven in some of the world's harshest environments for decades.

Today the classic range is still relevant, and used by many organisations that require high flow rates, cross-compatibility, and also premium manufacture quality.

A unique coupling is provided for each oil, grease or coolant type, eliminating the possibility of cross-contamination.

Part Number	Product Description	Tech Specs	Shipping Specs	Items Included
AUSGN	Nozzle Classic Grease 3/4" NPTF	3/4" NPTF	6 x 5 x 5cm   0.49kg	Plug sold seperately
AUSGNP	Nozzle Plug Classic Grease	PLUG	0.04kg	
AUSGR	Receiver Classic Grease 3/4" NPTM	3/4" NPTM	8 x 6 x 6cm   0.24kg	Cap sold separately
