NXT DURA-FLO OIL PUMPS

Wall Mount Pumps without DataTrak and Thermal Relief Kit

With field proven long-lasting durability, Graco's NXT Dura-Flo pumps and packages outlast the competition year after year. Tested to outperform and outlast all other pumps on the market – with its long-life design and intuitive, easy-to-use controls – the NXT Dura-Flo pump is the best value for the money. Fewer parts, faster repairs and long-lasting durability.

FEATURES:

- Pump more oil in less time.
- Reliable design leads to lower maintenance costs and fewer repairs.
- High-performing and long-lasting durable pumps.
- Optional DataTrak™ Control - Intuitive, easy-to-use DataTrak control gives you pump diagnostics, material usage tracking and pump runaway protection.
- NXT Air Motor - Modular design for easier maintenance with rugged body armor that won't rust or dent.
- Modular Air Valves - Easy-to-repair valve eliminates stalling and contains de-icing controls.
- Integrated Air Controls - Easy-turn, lockable regulator is front-mounted for easy access. Compact and modular with built-in filtration.
- Piston Valve with Floating Piston Seal - For maximum pressure balance over a range of material viscosities.

APPLICATIONS:

- Fleet service facilities.
- In-plant large runs.
- Large volume lubricant transfer.
- Mining remote fill.

RANGE OPTIONS:

Pump Family and Fluid Pressure Ratio	Annual Usage	Line Length	Simultaneous Dispense Points	Air Inlet	Fluid Inlet	Fluid Outlet	Air Operation Range	Part Number
NXT Dura-Flo 6:1	132,000 l (>35,000 gal)	152 m (Up to 500 ft)	2 to 4	3/4 NPT(F)	2 NPT (F)	1-1/2 NPT(F)	20-100 psi (1.4-7 bar)	24D604 – NSO *312862
NXT Dura-Flo 10:1		228.6 m (Up to 750 ft)						24D608 – NSO *312862
NXT Dura-Flo 12:1		305 m (Up to 1000 ft)				1-1/2 NPT(M)		24D605 – NSO *312862

*Manual Number
