SD SERIES PRESET ELECTRONIC DISPENSE METERS

Graco's premium SD meters were designed from the ground up to provide the best user experience. These robust meters feature high flow, improved ergonomics and a large high-contrast LCD screen to make viewing dispense amounts easy in all lighting conditions.

FEATURES:

- Upgradeable—SD Preset meters are compatible with PULSE FC fluid control system
- Large, Intuitive Display—high-contrast display for low and bright light conditions
- Long valve life—cartridge spool valve specifically designed to reduce wear and reduce costly down time
- Ergonomic—four-finger trigger and easy-to-use button pad reduce worker fatigue
- Reliable—time-tested Graco engineering
- Durable—Thick cast aluminum body allows this meter to endure harsh, heavy-duty applications
- Long battery life—uses 4 AA easy-to-replace batteries

SD PRESET DISPENSE METER RANGE:

	Manual/ Preset	Max Working Pressure	Max Flow Rate	Intended Use	Extension	Inlet inch (mm)	Fluid Inlet/Outlet	Part Number
Oil								
SDP8	Preset	1,500 psi (103.4 bar)	14 gpm (53 lpm)	Indoor/ Limited Outdoor	Flex	1/2 (13) - NPT	F/F	26C354
SDP8					Rigid	1/2 (13) - NPT		26C384
Oil, Antifreeze								
SDP18	Preset	1,500 psi (103.4 bar)	14 gpm (53 lpm)	Indoor/ Limited Outdoor	Rigid	3/4 (19) - NPT	F/F	26C360
SDP18					Flex	3/4 (19) - NPT		26C361
