

## XD MOTORISED HOSE REEL SERIES

Item code: GRACO-XD60-XD70-XD80-AIR-WATER

XD Power Rewind motors are built to fit into the spool, protecting components from the elements and protecting users from pinch points that could cause injury. No chain to rust or break—nothing to lubricate, no maintenance.

The Drive unit is clean and lubricated for life, so there's no need to worry about greasy, exposed drive chains that need maintenance and can be dangerous to operators.

A Graco exclusive—breakthrough swivel design allows better flow to get work done faster. Direct drive hydraulic, and enclosed gear drive pneumatic and electric with 12, 24, 115, and 230 VAC motor options.

Choose from multiple frame and motor combinations—mix and match to make quick work of configuring the reel for your application.

### GRACO ADVANTAGE:

- More uptime due to less maintenance.
- Simple to configure for right or left hand inlet.
- Eliminates the chains which are dangerous to the operator.
- No need to purchase additional chain guards.
- Lubed for life, no need to lubricate drive.
- Cleaner installations.
- Hydraulic 1:1 ratio motor is more efficient and provides easier retraction over chain drive designs.
- Easily stock components for faster, in the field service.
- Outlet minimizes hose kinking for an even, smooth wrap.

### FEATURES:

- Materials are corrosion resistant and strong for long lasting performance.
- Direct drive hydraulic, and enclosed gear drive pneumatic and electric with 12, 24, 115, and 230 VAC motor options.
- Electric motors are UL listed for use in hazardous locations.
- 600 psi (41 bar) low pressure and 3,000 psi (207 bar) medium pressure models.
- Operating temperature range of -40 to 180° F (-40 to 82° C).
- Grease reels are rated for 0° to 180° F (-18 to 82° C).
- Adjustable band clamp brake used to slow and stop reel.
- Optional roller guides and arms available as accessories.
- For Air, Water, Oil, Grease, Fuel Dispense, and Waste Oil Evacuation.

## SAFE, VERSATILE AND SUPER POWERED:

### Easy Hose Installation

The outlet can be removed easily for hassle-free hose installation. Designed to minimize hose kinking for a more even and smoother wrap. Nickel plated fluid section to prevent corrosion for longer life.

### Safe, Reliable Direct Drive and Gear Motors

Drive unit is clean and lubricated for life. No need to worry about greasy, exposed drive chains that need maintenance and can be dangerous to operators.

### More Flow—Less Pressure Drop

A Graco exclusive—breakthrough swivel design (patent pending) allows better flow to get work done faster. Materials are corrosion resistant and strong for long lasting performance.

### Easy System Integration

Easily change the inlet and motor direction to give you the option of a right or left hand flow orientation.

### Heavy-duty Welded Spool

Built to handle the weight of heavy hoses. Designed to surround and protect the drive unit from the elements to promote longer lasting, safer operation.

### Easy Access Brake

Band clamp brake used to slow and stop hose retraction is adjustable for your application.

### Rugged and Durable Body

Heavy-duty one piece welded frame is engineered to flex under extreme operating conditions and is stronger than bolted frames that can loosen with use. Individually painted and powder coated components have superior corrosion resistance over assembled and painted products.

## INCOMPARABLE VERSATILITY WITH MODULAR DESIGN:

Choose from multiple frame and motor combinations—mix and match to make quick work of configuring the reel for your application. Reels can easily be configured for left or right hand connections by switching the outlet and motor rotation to suit your needs. Order reels assembled, or choose frames and motor modules to maximize uptime for on-site installations.

### Robust Electric and Pneumatic Motors

- Gear drive is enclosed and tucked into the spool to promote long life.
- Nothing to lubricate for more efficient performance.
- No exposed chains that can cause injury to the operator.
- Easy change-out for less downtime in the field.

### Compact Hydraulic Motor

- Significantly narrower footprint fits in tighter spaces
- True 1-to-1 ratio direct drive provides more efficient operation.
- Motor is protected by the spool for longer life.
- No chain to lubricate.

## PRODUCT RANGE:

	Model / Code	Motor	Hose Capacity	Swivel Size
	24R415 XD60 Yellow	Hydraulic	1/2" x 100m   3/4" x 100m   1" x 50m	1" npt inlet & outlet
	24R420 XD60 Yellow	Pneumatic	1/2" x 30m   3/4" x 30m   1" x 15m	
	24R405 XD60 Yellow	12V DC Electric	1/2" x 100m   3/4" x 100m   1" x 50m	
	24R408 XD60 Yellow	24V DC Electric	1/2" x 100m   3/4" x 100m   1" x 50m	
	24R447 XD70 Yellow	Hydraulic	1/2" x 75m   1" x 100m	1, 1.5 or 2" npt inlet & outlet
	24R450 XD70 Yellow	Pneumatic	1" x 75m   1" x 100m	
	24R438 XD70 Yellow	12V DC Electric	1" x 75m   1" x 100m	
	24R441 XD70 Yellow	24V DC Electric	1" x 75m   1" x 100m	
	24R529 XD80 Yellow	Hydraulic	1" x 50m	1, 1.5 or 2" npt inlet & outlet
	24R532 XD80 Yellow	Pneumatic	1" x 50m	
	24R520 XD80 Yellow	12V DC Electric	1" x 50m	
	24R523 XD80 Yellow	24V DC Electric	1" x 50m	

Not all options available in every configuration. Please see ordering guide for available sizes.  
 Frame Color Options: Choose from white, yellow or metallic blue for a professional look.
