OUR PRODUCTION FACILITY

ONE STEP AHEAD

LEADING MANUFACTURER

PETRO Industrial is a leading manufacturer, marketer and supplier of commercial refueling and lubrication storage and dispensing equipment globally. We are a Global Business with Local Branch Operations strategically positioned throughout the world. PETRO Industrial has branches located throughout Australia, South Africa, Namibia, United Arab Emirates and Canada.

PETRO Industrial is vertically integrated with our state of the art production facility in Thailand, and likewise, Panus Assembly is an investor in PETRO Industrial. This integration between the Production and Assembly / Marketing operations provides you, the customer, with a far superior product when compared with other suppliers who rely purely on sub contract manufacturing.

CELEBRATING 45 YEARS OF OPERATION

This year Panus Assembly has celebrated it's 45th year of operation. The 52 acre state of the art manufacturing facility is located less than 100km from Bangkok within the manufacturing heartland of Thailand. Global manufacturers such as the Ford Motor Company and Triumph Motorcycles are located within the same region. The factory is located very close to the main port facility in Thailand, Laem Chabang.

LONG STANDING SOCIAL PROGRAM

Panus Assembly runs a generous and long standing Corporate Social Responsibility program with a 40ft semi trailer load of playground equipment dispatched each month donated to orphanages throughout Thailand.

MODERN MANUFACTURING FACILITY

Panus Assembly is Thailand's leading manufacturer of commercial road transport equipment. Production is currently running at more than 300 truck trailers per month including complex hydraulically operated car carrier trailers. Panus manufacturing divisions include:

- Commercial Road Transport
- Aircraft Ground Support Equipment
- Defense Equipment
- Petroleum Equipment

- a** Dedicated paint booth providing an automotive quality industrial finish.
- b** Liquitainer Self Bunded Tank undergoing dye penetrative weld testing.
- c** Continuous improvement and relentless innovation are our guiding principles.

WE HAVE INVESTED IN COMPLIANCE

All PETRO Industrial Liquitainer and Cube Self Bunded (Double Wall) Tanks are manufactured in accordance with our ISO9001 Procedures and Processes. We employ a Lean Six Sigma Manufacturing philosophy.

The Panus Assembly facility features a wide array of modern manufacturing equipment including:

- Laser Cutting Machines
- Plasma Cutting Machines
- CNC Lathes
- Cutting / Milling and Turning Equipment
- More than 50 dedicated blasting and painting booths providing a quality industrial finish.

YOU ARE GUARANTEED QUALITY WHEN YOU PURCHASE FROM PETRO INDUSTRIAL

As the industry leader in the design, manufacturing, assembly, supply and installation of Commercial Petroleum Equipment globally, PETRO Industrial has again raised the bar. We are the first amongst our peers to firstly invest in our systems and processes and secondly obtain independent, third party certification to the internationally recognised Quality Standard – ISO9001:2008.

We are proud to announce that PETRO Industrial has passed all of the audits and scrutiny applied by SAI Global leading to the certification of our Quality Systems and Processes to ISO9001:2008.

- We place the utmost importance on customer satisfaction by delivering highest quality products.
- Skills of our technical and other personnel are constantly upgraded.
- Completed Liquitainer Self Bunded Tank ready for shipping – note the gleam of finished paintwork.
