

RETRACTABLE AIR & WATER HOSE REELS

FEATURES:

- Positive hose latch - locks your hose at any length.
- Easy to carry - A convenient handle makes the reel easily portable.
- Built-in hose layering mechanism - hose rewinds safely with no bunching or kinks.
- 180° Swivel bracket- the hose follows your direction as you move around.
- UV stabilised hose and case - the hose is ready for Australia's toughest environmental conditions.
- Ready to go- the hose reel comes complete with a 2m feeder hose, fittings and mounting bracket.
- Working pressure - 174psi (12bar).
