

FLEXIHOSE PREMIUM AIR HOSE

Item code: FH1015

Macnaught Flexihose is a superior, air hose that features hybrid polymer material to redefine flexibility. The flexihose offers zero memory so that it lays flat and won't against you during operation or coiling after use. With an abrasion-resistant outer layer the flexihose offers extreme flexibility in all extreme weather conditions.

FEATURES:

- Features hybrid polymer materials.
- No memory, lays flat.
- Flexible and kink resistant hose.
- Durable abrasion-resistant outer layer.
- Reinforced bend restrictor at hose end.
- 10mm x 15m air hose.
- 300psi working pressure.
- 1/4" BSP brass fittings.
