

1000L IBC BUND POLYETHYLENE & HARD TOP WEATHERPROOF COVER

Item code: HTDB1150SET

Store one 1000L IBC on this bund to capture leaks, drips and spills. Hard Top Cover prevents dirt, rain water & debris from contaminating drums or IBC container and UV degradation.

FEATURES:

- Hard Top Cover with roller doors allows access to the bund from both sides.
- Unique moulded supports allow direct storage of IBC's as well as 205 litre drums (on a wooden pallet) onto the bund.
- Doors can be locked.
- 40mm drain plugs at each end of the bund allow for easy decanting of spill liquids.
- Moulded forklift pockets allow forklift access from two sides.
- Spill collection bund can contain 110% of a 1000 litre IBC.
- Reduces clean-up costs by providing easily retrievable spills.
- Polyethylene construction with primed steel stiffeners. Use stainless steel stiffeners when storing liquids that are highly corrosive or have corrosive vapours (code: HTDB1150CSS).
- Moulded tie down points are located on each side of the Hard Top Cover - ideal for use in high wind areas.
- Wooden pallet not supplied.
