

1000L POLYETHYLENE IBC BUNDS

Item code: DB1150

Unique moulded supports allow direct storage of IBC's as well as 205 litre drums, containers or IBC's on pallets. All polyethylene construction stands up to the harshest environments and chemicals.

FEATURES:

- Unique design maximises floor space and allows nesting of multiple units for storage or transport.
- 40mm drain plugs at each end allow for easy decanting of spilt liquids.
- Moulded forklift pockets allow forklift access from two sides.
- Keeps personnel safe from accidental slips.
- Keeps spilt liquids from contaminating factory floors, inventory or stormwater drains.
- Reduces clean-up costs by providing easily retrievable spills.
- Helps organise your IBC storage.
- Segregate liquids for easy identification.
- Makes handling containers safer and easier.
- Optional Drum Bund Covers are available to prevent rainwater ingress into the bund.
- Optional Bund Discharge Filters are available to allow oil & fuel capture when draining rainwater from the bund. Filter is packed with super absorbent hydrophobic (water resistant) envirosorb™ polypropylene for 30 litres of absorbency. Filter is fitted with an internal flow distributor and quick release camlock adaptor. Replacement filter bags can be ordered individually.
- Sump Capacity: 1150 litre.
