

ADBLUE®

HAND PUMP IBC SIDE MOUNT DN50

Item code: F00332B00

All metal components of the pump are made of stainless steel. The sturdy stainless steel support bracket comes with a rugged connector system that is compatible with most IBCs. Tight manufacturing guidelines and the use of wear-resistant materials guarantees years of hassle-free operation.

The pump, which was entirely DEVELOPED, MANUFACTURED, and CERTIFIED in ITALY, sets new benchmarks in terms of:

- Suction capacity: self-priming with simple and immediate fluid dispensing.
- 100% of the materials used are chemically compatible with AdBlue® (standard ISO 22241).

FEATURES:

- 38L / 10 gal per 100 revolutions.
- Male BSP Thread.
- Self priming, instant flow.
- Stainless steel body to ensure longevity.
- Check valve to always maintain prime; eliminate contamination & eliminate siphon effect.
- Two spring-loaded vanes to ensure high suction capabilities.
- Superior test rating of 250,000 gallons without maintenance.
- Rigid tooth spin collar to rotate and maintain orientation.
- Allows for transfer to another tank without spilling fluid in system.
- Ergonomically crank design to accommodate ease rotation.

INCLUDED:

- Steel IBC Bracket.
- 2.5m delivery hose.
- Stainless Steel spout.
- Drum Connector.
- Adjustable Suction Tube.
- OPTIONAL: 3D Filter
