

Fluel Management System

ACCESS 85

Item code: FMS-F00702000-CATA

The Piusi Access 85 fuel tank security system is a pump control, which limits access to a tank's fuel to up to 85 authorised magnetic key holders only. These users need to be set up with a manager key. Being simple and compact in design, the Access 85 can be used on new tank installation and as a retrofit to existing tank installations.

The Piusi system incorporates an emergency stop button, an adjustable timed delivery feature and low level control functions to protect from dry running. The Access 85 fuel security unit is a cost effective method of controlling access to the fuel in your tank, when the transaction reporting of fuel management systems is not required.

FEATURES:

- Controls up to 85 users.
- Variable timed delivery.
- Emergency stop button.
- LED status information for operation and alerts.
- Available in 230v.
- 230V - 6amp.
- 0.7kg.
- Packaging Size: 120L x 140W x 200H mm.

REQUIRED ACCESSORIES:
