

EXGO ATEX VANE PUMP

Item code: F00381020

It can be used to dispense several fluids: Gasoline and E15, Diesel, Paraffinic Biodiesel.

The **PIUSI EX GO** is a compact and sturdy ATEX vane pump engineered to work safely in potentially explosives atmosphere. As the name says, this **continuous duty DC pump** is easy to place thanks to the small sizes and represents the ideal solution for small mobile tanks thanks to the remote control (on/off switch) and long cables (5m with switch - 3m without Switch). It is equipped with built-in bypass valve and a thermal protected motor.

FEATURES:

- Continuous Duty
- Compact and Sturdy
- Easy To Install
- Built-In Bypass
- Thermal Protection
- Reduced Noise Level
- Self-Priming

PERFORMANCE:

- Up to 32 L/min Flow Rate
- Power: DC 12V Voltage
- Working Pressure: 0,8 BAR
- Max Operating Pressure: 1,2 BAR

TECHNICAL DATA:

Code	Description	Flow Rate		Voltage			RPM	Inlet/Outlet
