

## GREASE HOSE REEL SPRING REWIND

Item code: HA40153800A-CATA

The automatic hose reels are projected to work up to 400 BAR pressure. It can be used in all industries, workshops, service stations, garages, etc. They are built with high standard quality and attention to material to provide high performances.

### FEATURES:

- The 4 reel ball bearings on the arms facilitate the unrolling of the hose, avoiding friction that would cause a gradual deterioration.
- The hose can be locked at the desired length.
- Ratchet prevents unlock when hose is completely extended.
- Spring-driven retractable hose.
- Hose stop.
- Corrosion resistant: The hot galvanized steel structure is moulded and coated with electrostatic polyester powder UV rays resistant.
- Easy and versatile installation through the rotating support plate and the adjustable arm positions.
- Safety: lateral protective covers.
