

Dispensing

PUMP 240V AC 200LPM

Item code: PUMP-F00315000-CATA

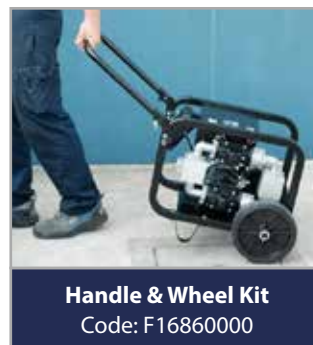

The ST200 diesel pump is a portable diesel dispensing unit, designed to provide the user with safe and quick refueling. Supplied in sturdy steel frame. With a flow rate of up to 200Lpm, this Piusi fuel pump doubles the power of the reliable E120 fuel transfer pumps, making it a great time saving unit.

They also allow for the installation of an oval-gear flow meter. With the possibility of fitting wheels and a handle to it, this fuel transfer pump is easy to handle and suitable for operating in a work site environment, on vehicles with large storage tanks.

FEATURES:

- Flow Rate: 200lpm / (52,7gpm).
- 2050 Watt Motors / 10 amp power draw.
- Maximum Pressure 2.5 bar.
- Inlet 1.5" BSP Female (DN40).
- Extremely durable and practical for use.
- 2 x Self-Priming Fuel Transfer Pumps.
- Continuous Running.
- 1 1/2" BSP Inlet/Outlet.
- Available in 230v.
- Optional Trolley Kit available.
