In The Box

iPETRO Tank Console, 24 month IPETRO Cloud Access, integrated modem and SIM card.

Complete Package

View and report each of your site's fluid storage and consumption information using our powerful reporting tools.

Greater Protection with Various Alarms

System is configured with various alarms including: tank low level, tank high level, and tank theft alert.

Pair With Your Current Automatic Tank Gauge

We recommend pairing the iPETRO Tank with either the Piusi OCIO, Veeder Root TLS or Franklin Colibri Automatic Tank Gauges.

Greater Control

24/7 Access to each of your site's fuel stock information.

Multiple Tank Gauges

Ability to integrate with up to 4 x Automatic Tank Gauges.
