LITE TERMINAL

Item code: iPETROLITE-CATA

Track every litre of fuel or fluid dispensed with the iPETRO Lite Terminal, the next generation of entry level Fluid Management Terminals.

Data is synchronised between the Terminal and iPETRO Cloud via an encrypted USB Management Stick.

There is no need to install any software or change your legacy hardware.

The "Lite" solution provides cost effective Fluid Management with vehicle/driver and stock reporting via the secure iPETRO Cloud Lite website.

FEATURES:

- Package includes: FMS iPETRO Lite, 10 x Tags, 1 x USB Key, 24 Month IPETRO Cloud Access.
- Low cost out of the box plug-and-play contactless technology.
- Will control and monitor 2 x Dispensing Pumps.
- OCIO Tank Gauge Enabled.
- V-Tag (Virtual tags) Contactless Technology for secure and controlled fuelling.
- Standard and backup memory with capacity for 4000+ transactions.
- Up to 250 users with contactless vehicle or driver tags.
- Override switch available for manual fuelling.

PETRO FLUIDS MANAGEMENT **CLOUD LITE**

Item code: iPETROCLOUDLITE-CATA

iPETRO Cloud Lite, a secure web based service portal for simplified management of home depot and home depot networks, allowing web based transaction and stock management.

It's a cost effective entry level management solution for small, medium or large fleets.

Data is synchronised between the Terminal and iPETRO Cloud via an encrypted USB Management Stick.

There is no need to install any software or change your legacy hardware – our intelligent software will report data from your existing legacy hardware and your on road fluids consumption.

FEATURES:

- iPETRO Cloud Lite is a simplified version of the full iPETRO Cloud Pro web site.
- No software installation necessary - Access the iPETRO Cloud Lite web site from any pc, tablet or smartphone connected to the internet.
- 4 Simple screens for complete ease of use.
- iPETRO Cloud Lite offers user friendly transaction and stock information easily accessed by unlimited users.
- Choose from various access levels to restrict individual staff or departments if required.
- Centralised reporting - View all sites on the one screen.
- Stock reconciliation.
- Track fuel by vehicle or driver.
- Manager secure web portal for override facility.
- Can export to iPETRO Cloud website.
- iPETRO Cloud Lite can be easily customised.
- You can choose to modify our existing formats to produce the layout of the report to suit your needs.
- Change headings, remove fields and design your own CSV export by changing field details and lengths.
- Rename the tag to a Fuel Card number, Vehicle Registration or Driver name.
