Putting Together the Quilt Top

1. Lay out all 12 Blocks and arrange as desired.
2. Piece together, pressing seams in opposite directions, nesting seams as you go.
3. Sew your 55" border pieces to the top and bottom of the quilt top, press towards the quilt edge.
4. Sew your 79" border pieces to the sides, press towards the quilt edge.

Finishing Your Quilt

1. Piece together the backing fabric by sewing along the length with a $\frac{1}{2}$ " seam to create one large piece roughly 81" x 84", paying attention to fabric directions. Make sure it will cover the quilt completely with adequate fabric on every side – I like at least 4 inches extra on each side.
2. Baste, Quilt, and Bind as Desired.
3. Snuggle up & Enjoy your finished quilt!

About the Pattern Designer

I'm Emily – a young quilter who is passionate about teaching people to quilt and sew, and getting people connected to other quilters. My journey with sewing began when I was in middle school making costumes for plays, and my love for sewing has continued to grow and change ever since.

My grandmother taught me how to quilt. The relationship that my grandmother and I built through quilting has inspired me to want to teach others. My mission is to build relationships and community through craft, and to help people learn new skills to use to express their own creativity.
