Active ingredient cosmetics for highest demands

Derma SR Cosmeceuticals

The New era of Microneedling and active ingredients cosmetic

Over the last two years we have researched and developed new products with a focus on no critical ingredients. As outcome, we have created a cosmeceutical range that achieves instant results - suitable for conventional cosmetic facial treatments and Dermaneedling (apparative cosmetic).

Perfectly balanced high quality hyaluronic acid combinations guarantee premium treatments and satisfied customers. Our creams are based on a skin-identical base, the so-called DMS (DERMA MEMBRANE STRUCTURE). It acts like a surface protection system which can rebuild damaged lipid barrier, because the skin recognizes this base like its own structure.

Derma SR products are already tested and approved by Dr. Stefan Riml, Cosmetic- Reconstructive- and Aesthetic Surgeon, Austria and Dr. Paola Gateno Craccioli, Cosmetic Surgeon, Chile.

We wish you great success with this revolutionary new product line!

Jupiel Brezenze *Helga Langreiter*

At a glance

HYALURONIC ACID - IMPORTANT COLUMNS IN AESTHETIC COSMETICS

All serums are based on **hyaluronic acid combinations**. (HA synthetically produced)

Hyaluronic acid has the following cosmetic and aesthetic properties:

- Gives elasticity
- Has a firming effect
- Provides freshness and moisture
- Inhibits numerous inflammatory messengers
- Accelerates wound healing and
- Reduces light-induced skin aging
- There are 4 different hyaluronic acid systems in the products for sale

DERMA SR PRO SERUMS - the synergy of hyaluronic acid

HYA1

Highly molecular HA, it mainly works on the surface, gives the skin freshness.

HYA4

Forms a long-term depot, unfolds its full effect in the depth of the skin

THIS COMBINATION IS CONTAINED IN ALL SERUMS WITH ACTIVE INGREDIENTS (PRO).

IT IS THE HIGHLY MOLECULAR HA (HYA1) WITH THE OLIGOMERIC HA (HYA 4).

DERMA SR HOMEESSENCES - the synergy of hyaluronic acid

HYA1

Highly molecular HA, it mainly works on the surface, gives the skin freshness.

HYA2

Highly molecular HA as well, but it works already deeper, unfolds its effect in the epidermis.

HYA3

Reaches the cell formation layer, water loss can be reduced significantly.

HYA4

Forms a long-term depot, unfolds its full effect in the depth of the skin

THIS HA COMBINATION IS CONTAINED IN ALL ESSENCES (HOME).

DMS base, a healthy skin base

All creams are based on a skin-identical base, the so-called DMS base. DMS means

DERMA MEMBRANE STRUCTURE

It acts like a surface protection system which can rebuild a damaged lipid barrier, because the skin recognizes this base like its own skin.

Especially suitable for the treatment of disturbed skin barriers such as acne, psoriasis and hypersensitive skin. This base contains skin-identical substances, namely

- Vegetable triglycerides and squalane (extracted from the olive)
- Ceramides (extracted from the yeast)
- Cholesterol and phospholipids (synthetically extracted)

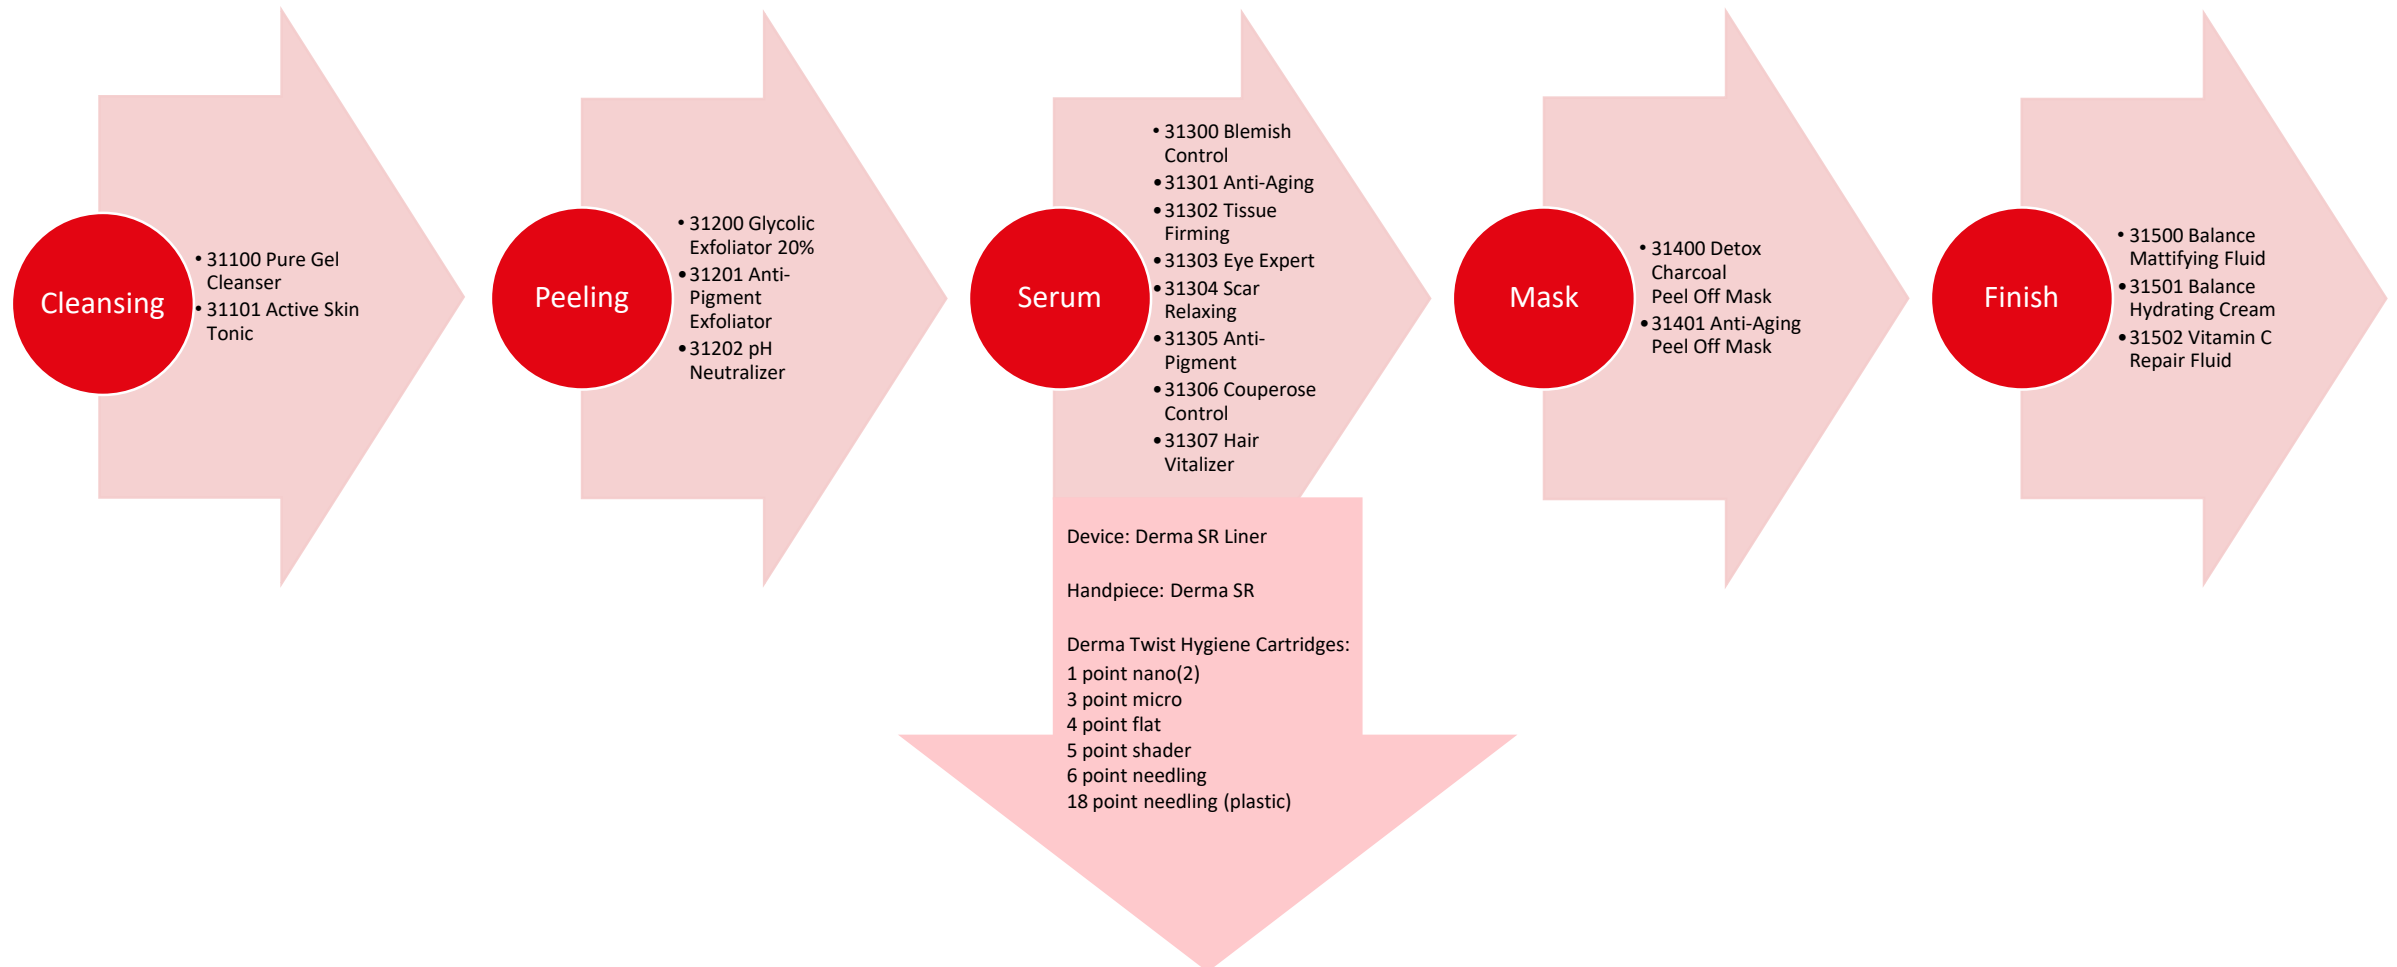

It is well-tolerated and keeps the skin barrier healthy.

DERMA SR products contain no critical ingredients

All products are **free from**

- Parabens (suspected of being carcinogenic)
- Paraffines (feel soft but tend to clog the skin over time)
- Mineral oils (consist of petroleum derivatives, also make the skin feel good, suspected of penetrating through the skin)
- Dyes (have no benefit in the skin)
- Silicones (see above for mineral oils, are also extracted from petroleum derivatives)
- Allergenic fragrances (none of the fragrances that are on the list of highly allergic substances)
- Animal testing

DERMA SR PRO

DERMA SR CLEANSING & PEELING

All cleansing products are universally applicable and can be used in combination with all care products.

The skin is cleansed deep into the pores and optimally prepared for the coming supply of active ingredients.

Peelings loosen the uppermost cornifications and give the skin a new radiance.

ATTENTION: A distinction is made between gentle and professional peelings!

31100 Pure Gel Cleanser, 200ml, PRO

Special cleansing gel for a pleasant cleansing and refreshing of the pores. This product balances the pH value of the skin and brings it back into balance. The skin can be completely cleaned by mild surface-active agents. Additionally, the further treatment is positively supported in its effect. Due to the mild formula, the application is suitable for all skin types. Ideal for the daily removal of make-up.

MAIN ACTIVE INGREDIENTS:

- Mild surface-active agents for gentle skin cleansing.
- These surfactants bring the skin back into balance after cleansing and ensure a balanced pH value.

Suitable for all skin types.

Ingredients

Aqua (Water), Cocamidopropyl Betaine, Sodium Lauryl Glucose Carboxylate, Lauryl Glucoside, Glycerin, Sodium Cocoamphoacetate, Sodium Cocoyl Glutamat, Anthemis Nobilis Flower Water, Xanthan Gum, Phenoxyethanol, Benzoic Acid, Benzyl Alcohol, Dehydroacetic Acid, Parfum

31101 Active Skin Tonic, 200ml, PRO

This tonic is preferably used for dry, low-fat and stressed skin.

Its intensive cleansing power frees the skin from dandruff, excess sebum and other deposits. This way, it provides a pore-deep clean feeling. Pimples, pustules and blackheads are actively prevented by using this product.

The contained herbal extracts have a clarifying, cooling and refreshing effect on the skin. In addition, a skin smoothing, purifying and calming effect can be observed.

MAIN ACTIVE INGREDIENTS:

- Witch hazel and camomile extracts have a calming and refreshing effect
- Nettle extract and essences from green tea relax the skin
- Pentylene Glycol moisturizes

For all skin types, especially suited for very dry skin.

Ingredients

Aqua (Water), Pentylene Glycol, Butylene Glycol, Alcohol denat, Glycolic Acid, Panthenol, Allantoin, Urtica Dioica Extract, Camellia Sinensis Leaf Extract, Chamomilla Recutita Extract, Hamamelis Virginiana Leaf Extract, Parfum

31200 Glycolic Exfoliator 20%, 50ml, PRO

Professional acid for professionals

Peeling based on a 20% glycolic acid, extracted from sugar cane. It safely removes existing cornifications of the skin and is especially recommended for firm skin structures to relax the skin and open it for further treatment.

pH value: 1.6

ATTENTION: You need to be trained for these acids, they are only suitable for use by qualified personnel.

For professional use only.

MAIN ACTIVE INGREDIENTS:

- Glycolic acid - extracted from sugar cane.
- Keratolytic (peeling) properties. Reduces hornification of the skin, dissolves blackheads, reduces impurities and smoothes the skin.

Suitable for impure skin and skin that looks grey and dull. For sensitive skin types, please always obtain written permission from the customer.

Ingredients

Aqua (Water), Glycolic Acid, Xanthan Gum

31201 Anti-Pigment Exfoliator, 50ml, PRO

This keratolytic exfoliator is suitable for the treatment of all skin types and improves the skin's appearance in case of existing, severe pigmentation disorders.

The high-quality lactic acid contained has a cornification-dissolving effect. Due to its mild effect, it is very gentle and at the same time moisturizing. Thanks to high-quality citric acid, the pH value of this cosmetic can be regulated particularly precisely.

The contained glycolic acid reliably removes thickened horny layers of the skin. Thus, the causes of various skin diseases such as acne can be counteracted and superficial pigmentation spots can be removed. This is additionally supported by the contained Diacetine Boldine, a skin-lightening complex.

pH value: 1.6 - 1.8

ATTENTION: You need to be trained for these acids, they are only suitable for use by qualified personnel!

MAIN ACTIVE INGREDIENTS:

- Lactic acid (alpha-hydroxy acid) to dissolve cornifications.
- Citric acid to regulate the pH value.
- Glycolic acid for dissolving cornifications, keratolytic (peeling) properties. Reduces hornification of the skin, dissolves blackheads, reduces impurities and smoothes the skin.
- Diacetyl Boldine, innovative active ingredient to combat pigmentation, inhibits the formation of tyrosinase, which leads to increased release of melanin.

Suitable for skin that is prone to pigmentation shifts.

Ingredients

Aqua (Water), Lactic Acid, Citric Acid, Glycolic Acid, Xanthan Gum, Caprylic/Capric Triglyceride, Diacetyl Boldine

31202 pH Neutralizer, 50ml, PRO

A neutralizer that breaks the basic composition of acids for the application of professional acids.

ATTENTION: It is imperative that the instructions are followed. The use of the acids in combination with the neutralizer requires training.

MAIN ACTIVE INGREDIENTS:

- Panthenol, soothes the skin and restores its balance.
- Bicarbonate - so-called sodium carbonate, a neutralizing agent for basic acids.

Ingredients

Aqua (Water), Sodium Carbonate, Panthenol, Xanthan Gum, Phenetyl Alcohol, Caprylyl Glycol

DERMA SR PRO ACTIVE INGREDIENT SERUMS

All products are suitable for apparative cosmetics (needling, RF applications, devices that are able to bring active ingredients into the skin).

They have a hyaluron beauty code, which is effective and visible immediately. The hyaluronic acid combination consists of an HA that is cross-linked and the smallest HA structure that can act deep inside of the skin and inhibit hyaluronidase.

This active cosmetic shows immediate results, but also moves the skin structure. This means that redness, warmth, blood circulation and even short-term irritations can occur.

They are only of short duration and disappear during or shortly after a treatment.

All products are preserved in an absolutely skin-friendly way and without dyes, fragrances or stressful additives.

31300 Blemish Control Serum, 5 x 4ml, PRO

Intensive serum especially for blemished skin. This product based on oleanolic acid, panthenol and extracts of various medicinal herbs actively combats acne, pustules and blackheads. With its preventive and balancing effect, an even and pure complexion is achieved. Preferably used for impure, oily or mixed skin.

MAIN ACTIVE INGREDIENTS:

- Hispagel (highly dosed) actively binds moisture in the skin.
- Pentylene glycol as an antibacterial moisturizer, well-tolerated and provides a germ-free environment.
- AC NET as an active ingredient combination of oleanolic acid and other substances to combat bacteria and normalise sebum production.
- Panthenol as care substance for the regenerative stimulation of cell division.
Herbapurifine as an antibacterial, anti-inflammatory agent actively combats itching.

Suitable for impure skin with a tendency to acne.

Ingredients

Aqua (Water), Pentylene Glycol, Panthenol, Sodium Hyaluronate, Sodium Hyaluronate (Crosslinked), Butylene Glycol, Lecithin, Salix Alba Bark Extract, Bakuchiol, Magnolia Grandiflora Leaf Extract, PEG-60 Almond Glycerides, Caprylyl Glycol, Carbomer, Nordihydroguaiaretic Acid, Oleanolic Acid

31301 Anti-Aging Serum, 5 x 4ml, PRO

Great product for proven firming, tightening and remodelling of the facial contours, as well as for the reduction of existing fine expression lines.

The immediate effect is reflected in a fresher, padded and smoother skin appearance.

The hyaluronic acid combination contained in the product actively moisturises and enhances its effect through the matrixyl it contains.

MAIN ACTIVE INGREDIENTS:

- Hyaluronic acid combination for protection and care with long-term deep moisturizing effect (cross-linked hyaluronic acid and oligomeric (less than 10,000 Dalton) HA).
- Diosgenin and genistein as hormone-like but natural substances from the yam root. Active ingredients for tightening the face and cheek contours.
- Matrixyl as a tissue-strengthening, collagen-stimulating substance, stimulates collagen synthesis I and III.
- Argireline and Syn®ake as wrinkle-reducing active ingredient complex, synthetically produced with Botox-like effect.

Suitable for all skin types that expect anti-aging effects.

Ingredients

Aqua (Water), Pentylene Glycol, Sodium Hyaluronate, Sodium Hyaluronate (Crosslinked), Glycerin, Dioscorea Villosa (Wild Yam) Root Extract, Glycine Soja (Soybean) Protein, Butylene Glycol, Sodium Ascorbyl/ Cholesteryl Phosphate, Carbomer, Polysorbate 20, Palmitoyl Oligopeptide, Palmitoyl Pentapeptide 3,

31302 Tissue Firming Serum, 5 x 4ml, PRO

Special serum with hyaluronic acid components as a moisture booster. With this preparation, a tighter contour is achieved, especially in the cheek area.

At the same time, the entire skin appears more firm and refreshed.

Preferably used for mature skin structure which is rather dry and thin.

MAIN ACTIVE INGREDIENTS:

- Hyaluronic acid combination for protection and care with long-term deep moisturizing effect (cross-linked hyaluronic acid and oligomeric (less than 10,000 Dalton) HA.
- Vegeseryl, a protein extracted from the soya bean, which has a firming effect on the cheek contour area.

Suitable for all skin types that are more mature and want to counteract loss of elasticity.

Ingredients

Aqua (Water), Pentylene Glycol, Sodium Hyaluronate, Sodium Hyaluronate (Crosslinked), Glycerin, Dioscorea Villosa (Wild Yam) Root Extract, Glycine Soja (Soybean) Protein, Butylene Glycol, Sodium Ascorbyl/ Cholesteryl Phosphate, Carbomer, Polysorbate 20, Palmitoyl Oligopeptide, Palmitoyl Pentapeptide 3

31303 Eye Expert Serum, 5 x 4ml, PRO

Intensive active serum for the eye area. Eye circles, bags under the eyes and dark pigment deposits are counteracted and the skin is given back its lost freshness. Swelling caused by water retention is reduced and fine lines are concealed.

The hyaluronic acid combination contained unfolds its long-term effect and provides lasting high-quality skin care.

MAIN ACTIVE INGREDIENTS:

- Hyaluronic acid combination for protection and care with long-term deep moisturizing effect (cross-linked hyaluronic acid and oligomeric (less than 10,000 Dalton) HA).
- Matrixyl as tissue-strengthening, collagen-stimulating substance, stimulates collagen synthesis I and III.
- An active ingredient complex of hesperdin methylchalcone, chrysin, N-hydroxysuccinimide and dipeptide VW reduces existing bags under the eyes and dark circles.
- Eyeliss, a peptide as decongestant active ingredient to improve skin elasticity.
- Haloxyl, a peptide as a pigment reducing substance against dark circles and discoloration.
- Suitable against lachrymal sacs and dark circles around the eyes for radiance of tired eye areas.

Ingredients

Aqua (Water), Pentylene Glycol, Sodium Hyaluronate, Sodium Hyaluronate (Crosslinked), Glycerin, Hydrolyzed Wheat Protein, Hydrolyzed Soy Protein, Butylene Glycol, Sodium Ascorbyl/ Cholesteryl Phosphate, Proline, Lysine, Carbomer, Polysorbate 20, Palmitoyl Pentapeptide 7, Hesperidin Methyl Chalcone, Steareth-20, Dipeptide-2, Palmitoyl Tetrapeptide-7, N-Hydroxysuccinimide, Chrysin, Palmitoyl Oligopeptide, Xanthan Gum, Tripeptide-1

31304 Scar Relaxing Serum, 5 x 4ml, PRO

High-tech anti-inflammatory preparation for calming reddened skin areas, preferably for use on scarred tissue.

The wound-healing potential of this product enables the treatment of problematic skin symptoms such as psoriasis.

Additionally, it strengthens the immune system and has detoxifying properties.

The contained panthenol soothes the skin.

In harmony with high-quality hyaluronic acid, irritated, sensitive skin can be brought back into balance.

MAIN ACTIVE INGREDIENTS:

- Hyaluronic acid combination for protection and care with long-term deep moisturizing effect (cross-linked hyaluronic acid and oligomeric (less than 10,000 Dalton) HA.
- Madecassoside (highly dosed) supports the new formation of structural collagen, as a wound-healing promoting, collagen-building active ingredient; inhibits the inflammation messengers.
- Spirulina Glycerin, an immune-strengthening and detoxifying algae extract with antioxidant, anti-inflammatory properties.
- Panthenol (highly dosed) as a wound healing promoting agent.

Suitable against all inflammatory processes in the skin.

Ingredients

Aqua (Water), Panthenol, Sodium Hyaluronate, Madecassoside, Sodium Hyaluronate (Crosslinked), Glycerin, Spirulina Maxima Extract, Phenoxyethanol, Sodium Benzoate, Dehydroacetic Acid

31305 Anti-Pigment Serum, 5 x 4ml, PRO

Highly effective anti-ageing preparation based on Vitamin C to remove and prevent undesirable pigment deposits.

The product is suitable for all skin types.

Particularly effective in combination with apparatus cosmetics over a period of at least 6 weeks.

MAIN ACTIVE INGREDIENTS:

- Hyaluronic acid combination for protection and care with long-term deep moisturizing effect (cross-linked hyaluronic acid and oligomeric (less than 10,000 Dalton) HA.
- Vitamin C with pigment removing effect.
- Albatin for long-term stabilisation of melanin production and active removal of existing pigmentation disorders.

Suitable against pigment shifts.

Ingredients

Aqua (Water), Pentylene Glycol, Sodium Hyaluronate, Sodium Hyaluronate (Crosslinked), Sodium Ascorbyl/Cholesteryl Phosphate, Aminoethyl Phosphinic Acid, Butylene Glycol

31306 Couperose Control Serum, 5 x 4ml, PRO

Intensive serum especially designed to improve existing symptoms of couperose and rosacea.

Especially redness is actively alleviated with this product and the skin appearance appears evenly adjusted.

The combination of hyaluron and madecassoside causes an increased storage of moisture in the skin.

MAIN ACTIVE INGREDIENTS:

- Hyaluronic acid combination for protection and care with long-term deep moisturizing effect (cross-linked hyaluronic acid and oligomeric (less than 10,000 Dalton) HA.
- Ambora Extract, a natural extract as a peptide-inhibiting active ingredient against couperose and reddened skin.
- Madecassoside (highly dosed) supports the new formation of structural collagen, as a wound-healing promoting, collagen-building active ingredient; inhibits the inflammation messengers.

Ingredients

Aqua (Water), Pentylene Glycol, Sodium Hyaluronate, Sodium Hyaluronate (Crosslinked), Alkohol denat, Tambourissa Trichophylla Leaf Extract, Madecassoside, Sodium Ascorbyl/ Cholesteryl Phosphate, Arginine, Lysine

31307 Hair Vitalizer Serum, 5 x 4ml, PRO

Intensive serum especially designed to improve existing symptoms of couperose and rosacea.

Especially redness is actively alleviated with this product and the skin appearance appears evenly adjusted.

The combination of hyaluron and madecassoside causes an increased storage of moisture in the skin.

MAIN ACTIVE INGREDIENTS:

- Hyaluronic acid combination for protection and care with long-term deep moisturizing effect (cross-linked hyaluronic acid and oligomeric (less than 10,000 Dalton) HA).
- Ambora Extract, a natural extract as a peptide-inhibiting active ingredient against couperose and reddened skin.
- Madecassoside (highly dosed) supports the new formation of structural collagen, as a wound-healing promoting, collagen-building active ingredient; inhibits the inflammation messengers.

Ingredients

Aqua (Water), Pentylene Glycol, Glycerin, Butylene Glycol, Sodium Hyaluronate, Calciumpantothenat, Arginine, Acetyl Tetrapeptide-3, Red Clover Extract, Myristoyl Pentapeptide-17, Curcuma Longa (Turmeric), Callus Conditioned Media, Glucunolactone, Sodium Benzoate

DERMA SR PRO MASKS

Masks can solve various problems in the skin or they can serve as a feel-good mask to relax and pamper the skin.

30400 Detox Charcoal Peel off Mask, 500gr, PRO

Detoxifying peel off mask made of highest quality of alginate (guluronic acid) and charcoal. Thanks to its porous structure, charcoal deeply purifies the skin by absorbing the toxins and impurities into its cavities. It regulates sebum secretion and is ideal for stressed skin. Charcoal has antioxidant properties and helps to exchange free radicals which are responsible for skin-aging. It can be used for all skin types, and is especially recommended for mixed to oily, impure and stressed skin.

INGREDIENTS

Solum Diatomeae (Diatomaceous Earth), Charcoal Powder, Calcium Sulfate Hydrate, Algin, Tetrasodium Pyrophosphate, Xanthan Gum, Magnesium Oxide

31401 Anit-Aging Peel off Mask, 500gr, PRO

The basis of this mask is the kelp algae from the North Sea. The resulting alginic acid is an anionic polysaccharide, which is obtained from the cell wall of brown algae. It contains balanced amounts of iodine, potassium, magnesium, calcium and iron, as well as salts and metals of which the antibacterial activity is known. As the basis of the masks it helps the skin to optimize the natural water balance and activate the skin's natural protective barrier. Thallasine, a natural extract of "Lola implexa algae", improves the collagen synthesis. A pleasant, creamy texture that softens the skin. Free from chemical additives, emulsifiers and preservatives.

INGREDIENTS

Diatomaceous Earth (Solum Diatomeae), Algin, Calcium Sulfate, Tetrasodium Pyrophosphate, Chromium Hydroxidegreen, Parfum, Aqua, Titanium Dioxide, Ultramarin, Silica, Acetylhexapeptide-8, Limonene, Citronellol, Alpha-Isomethyl Ionone

DERMA SR PRO FINISHING CREAMS

All creams are based on the DERMA MEMBRANE STRUCTURE (DMS)

It is:

- **extremely well tolerated as a base because the skin recognizes it as its own structure**
- **healthy because it is free of emulsifiers and its components are derived from nature or nature itself**

31500 Balance Mattifying Fluid, 75 ml, PRO

Slightly mattifying facial fluid especially for mixed skin and unproblematic skin types.

A healthy skin balance is achieved by the contained DMS structural base.

The combination of high-quality hyaluron and matrixyl has a skin tightening effect and can thus combat the first signs of skin aging.

MAIN ACTIVE INGREDIENTS:

- DMS base as an emulsifier-free cream base with skin-like structure to increase moisture.
- All four hyaluronic acid combinations unite the highest level of moisture in the skin.
- Matrixyl as tissue-strengthening, collagen-stimulating substance, stimulates collagen synthesis I and III.

Suitable for slightly oily skin or for mixed skin. Can also be used as summer cream.

Ingredients

Aqua (Water), Glycerin, C12-15 Alkyl Benzoate, Hydrogenated Lecithin, Butyrospermum Parkii (Shea) Butter, Caprylic/Capric Triglyceride, Pentylene Glycol, Myristyl Lactate, Simmondsia Chinensis (Jojoba) Oil, Squalane, Sodium Ascorbyl Phosphate, Aleurites Moluccana Nut Oil, Oryza Sativa Bran Oil, Glyceryl Polyacrylate, Butylene Glycol, Ceramide 3, Carbomer, Polysorbate-20, Palmitoyl Oligopeptide, Palmitoyl Tetrapeptide-7, Sodium Hyaluronate, Acrylates / C10-30 Alkyl Acrylate Crosspolymer, Phenoxyethanol, Benzoic Acid, Dehydroacetic Acid, Parfum

31501 Balance Hydrating Cream, 75ml, PRO

Rich care cream with high-quality vitamin C and hyaluron, especially suitable for slightly dry skin types.

A healthy skin balance is achieved by the contained DMS structural base.

In addition, it contains various luxurious oils that promise suppleness.

The complexion feels relaxed and is optimally protected against harmful UV rays of the sun.

MAIN ACTIVE INGREDIENTS:

- DMS base as an emulsifier-free cream base with skin-like structure to increase moisture.
- All four hyaluronic acid combinations unite the highest level of moisture in the skin.
- CAS, the so-called collagen building system, as a combination of matrixyl, proline and lysine to improve collagen synthesis.
- Vitamin C as a highly dosed antioxidant to bind free radicals.

Suitable for all slightly dry skin types.

Ingredients

Aqua (Water), Glycerin, Octocrylene, Butylmethoxydibenzoylmethane, Hydrogenated Lecithin, Butyrospermum Parkii (Shea) Butter, Caprylic / Capric Triglyceride, Pentylene Glycol, Myristyl Lactate, Simmondsia Chinensis (Jojoba) Oil, Squalane, Sodium Ascorbyl Phosphate, Aleurites Moluccana Nut Oil, Oryza Sativa Bran Oil, Glyceryl Polyacrylate, Butylene Glycol, Ceramide 3, Carbomer, Polysorbate-20, Palmitoyl Oligopeptide, Palmitoyl Tetrapeptide-7, Sodium Hyaluronate, C12-15 Alkyl Benzoate, Proline, Lysine, Acrylates / C10-30 Alkyl Acrylate Crosspolymer, Phenoxyethanol, Benzoic Acid, Dehydroacetic Acid, Parfum

31502 Vitamin C Repair Fluid, 75ml, PRO

Highly dosed vitamin C in this gentle emulsion improves the skin's defence by actively fighting off free radicals.

This fluid counteracts pigment changes.

Vitamin C also has a proven anti-aging effects and can actively reduce fine lines.

The contained extracts from the spirulina algae support this effect.

Hyaluron additionally provides moisture and freshness.

■ MAIN ACTIVE INGREDIENTS:

- Vitamin C as a highly dosed antioxidant that binds free radicals and optimally protects the skin from environmental stress.
- Hyaluronic acid combination as ideal moisturizer.
- Spirulina Glycerine, from the Spirulina Algae, a seaweed with antioxidant, anti-inflammatory properties for further protection against UV exposure and free radicals.

Suitable for all skin types, especially for strengthening the skin barrier and combating pigmentation shifts.

Ingredients

Aqua (Water), Ethyl Ascorbic Acid, Sodium Ascorbyl Phosphate, C12-C15 Alkyl Benzoate, Panthenol, Glycerin, Squalane, Myristyl Lactate, Camelia Oleifera Seed Oil, Sodium Hyaluronate, Hydrolyzed Hyaluronic Acid, Argania Spinosa Kernel Oil, Butyrospermum Parkii (Shea) Butter, Spirulina Maxima Extract, Xanthan Gum, Acrylates/ C10-30 Alkyl Acrylate Crosspolymer, Phenoxyethanol, Benzoic Acid, Dehydroacetic Acid, Parfum

30100 Pure Gel Cleanser, 150ml

Special cleansing gel for a pleasant cleansing and refreshing of the pores. This product balances the pH value of the skin and brings it back into balance. The skin can be completely cleaned by mild surface-active agents. Additionally, the further treatment is positively supported in its effect. Due to the mild formula, the application is suitable for all skin types. Ideal for the daily removal of make-up.

MAIN ACTIVE INGREDIENTS:

- Mild surface-active agents for gentle skin cleansing.
- These surfactants bring the skin back into balance after cleansing and ensure a balanced pH value.

Suitable for all skin types.

Ingredients

Aqua (Water), Cocamidopropyl Betaine, Sodium Lauryl Glucose Carboxylate, Lauryl Glucoside, Glycerin, Sodium Cocoamphoacetate, Sodium Cocoyl Glutamat, Anthemis Nobilis Flower Water, Xanthan Gum, Phenoxyethanol, Benzoic Acid, Benzyl Alcohol, Dehydroacetic Acid, Parfum

30101 Gentle Cream Cleanser, 150ml

Cleansing milk, which dissolves topmost cornifications of the skin and provides a deep pore clarification of the skin. Due to its gentle formula, the product can be recommended for all skin types. It refreshes, conditions and mineralizes the skin. It is ideal to use in combination with all hyaluronic acid essences, as the high dosage of vitamin C additionally supports the moisture absorption of the skin and has a firming effect. Ideal for daily make-up removal.

MAIN ACTIVE INGREDIENTS:

- Vitamin C supports the absorption of moisture and has a firming effect.
- Enzyme Papain acts like a natural peeling.

Suitable for all skin types.

Ingredients

Aqua (Water), C12-C15 Alkyl Benzoate, Cocamidopropyl Betaine, Squalane, Aleurites Moluccana Nut Oil, Butyrospermum Parkii, Myristyl Lactate, Camelia Oleifera Seed Oil, Caprylyl Glycol, 1,2 Hexanediol, Algin, Carbomer, Papain, Acrylates / C10-30 Alkyl Arcylate Crosspolymer, Phenoxyethanol, Benzoic Acid, Dehydroacetic Acid, Perfume

30102 Active Skin Tonic, 150ml

This tonic is preferably used for dry, low-fat and stressed skin.

Its intensive cleansing power frees the skin from dandruff, excess sebum and other deposits. This way, it provides a pore-deep clean feeling. Pimples, pustules and blackheads are actively prevented by using this product.

The contained herbal extracts have a clarifying, cooling and refreshing effect on the skin. In addition, a skin smoothing, purifying and calming effect can be observed.

MAIN ACTIVE INGREDIENTS:

- Witch hazel and camomile extracts have a calming and refreshing effect
- Nettle extract and essences from green tea relax the skin
- Pentylene Glycol moisturizes

For all skin types, especially suited for very dry skin.

Ingredients

Aqua (Water), Pentylene Glycol, Butylene Glycol, Alcohol denat, Glycolic Acid, Panthenol, Allantoin, Urtica Dioica Extract, Camellia Sinensis Leaf Extract, Chamomilla Recutita Extract, Hamamelis Virginiana Leaf Extract, Parfum

DERMA SR ESSENCES

All essences are equal to the ACTIVE INGREDIENT SERUMS.

The ingredients are the same, BUT:

The hyaluronic acid combination is different and adapted for HOME use.

The preservation is the same.

30300 Pure Hyaluronic Essence, 15ml

Special preparation based on high-quality hyaluronic acid combinations for effective skin hydration. It particularly stimulates the skin's deep moisture stores and thus achieves a demonstrably replenishing effect.

MAIN ACTIVE INGREDIENTS:

- Hyaluronic acid combination of four different hyaluronic acids, from high to low molecular weight.
- The lower the molecular structure, the deeper the HA can act. The skin is visibly padded and lastingly tightened.

Suitable for all skin types that want to bring moisture and padding to the skin.

Ingredients

Aqua (Water), Sodium Hyaluronate, Hydrolyzed Hyaluronic Acid, Biosaccharide Gum-1, Phenoxyethanol, Benzoic Acid, Dehydroacetic Acid

30301 Eye Lift (Expert) Essence, 15ml

Intensive active serum for the eye area. Eye circles, bags under the eyes and dark pigment deposits are counteracted and the skin is given back its lost freshness. Swelling caused by water retention is reduced and fine lines are concealed.

The hyaluronic acid combination contained unfolds its long-term effect and provides lasting high-quality skin care.

MAIN ACTIVE INGREDIENTS:

- Hyaluronic acid combination for protection and care with long-term deep moisturizing effect (cross-linked hyaluronic acid and oligomeric (less than 10,000 Dalton) HA.
- Matrixyl as tissue-strengthening, collagen-stimulating substance, stimulates collagen synthesis I and III.
- An active ingredient complex of hesperdin methylchalcone, chrysin, N-hydroxysuccinimide and dipeptide VW reduces existing bags under the eyes and dark circles.
- Eyeliss, a peptide as decongestant active ingredient to improve skin elasticity.
- Haloxyl, a peptide as a pigment reducing substance against dark circles and discoloration.

Suitable against lachrymal sacs and dark circles around the eyes for radiance of tired eye areas.

Ingredients

Aqua (Water), Sodium Hyaluronate, Hydrolyzed Hyaluronic Acid, Hydrolyzed Wheat Protein, Hydrolyzed Soy Protein, Butylene Glycol, Sodium Ascorbyl/ Cholesteryl Phosphate, Proline, Lysine, Carbomer, Polysorbate 20, Palmitoyl Pentapeptide 7, Hesperidin Methyl Chalcone, Steareth-20, Dipeptide-2, Palmitoyl Tetrapeptide-7, N-Hydroxysuccinimide, Chrysin, Palmitoyl Oligopeptide, Xanthan Gum, Tripeptide-1, Phenoxyethanol, Benzoic Acid, Dehydroacetic Acid

30302 Blemish Control Essence, 15ml

combated with this product based on oleanolic acid, panthenol and a special combination of various medicinal herbs.

With its preventive and balancing effect, it achieves a smoother and cleaner complexion.

Preferably used for impure, oily or mixed skin.

MAIN ACTIVE INGREDIENTS:

- Hispagel (highly dosed) for binding moisture.
- Pentylene glycol as antibacterial moisturizer.
- AC NET as a combination of oleanolic acid and other substances to combat bacteria and normalise sebum production.
- Panthenol as care substance for the regenerative stimulation of cell division.
- Herbapurifins as antibacterial, anti-inflammatory agent against itching.

Suitable for impure, greasy, oily skin and mixed skin.

Ingredients

Aqua (Water), Glycerin, Pentylene Glycol, Butylene Glycol, Panthenol, Sodium Hyaluronate, Hydrolyzed Hyaluronic Acid, Lecithin, Salix Alba Bark Extract, Bakuchiol, Magnolia Grandiflora Leaf Extract, Glyceryl Polyacrylate, PEG-60 Almond Glycerides, Caprylyl Glycol, Carbomer, Nordihydroguaiaretic Acid, Oleanolic Acid

30303 Anti-Pigment Essence, 15ml

Special preparation based on high-quality hyaluronic acid combinations for effective moisturizing of the skin.

Highly effective anti-ageing preparation based on vitamin C to remove and prevent undesirable pigment deposits.

The product is suitable for all skin types. Particularly effective in combination with instrument-based cosmetics over a period of at least 6 weeks.

MAIN ACTIVE INGREDIENTS:

- Hyaluronic acid combination of four different hyaluronic acids, from high to low molecular weight.
- Vitamin C with its pigment removing effect to create an even skin appearance.
- Albatin for long-term stabilisation of melanin production and active removal of existing pigmentation disorders.

Suitable for pigment shifts.

Ingredients

Aqua (Water), Sodium Hyaluronate, Hydrolyzed Hyaluronic Acid, Biosaccharide Gum-1, Sodium Ascorbyl Phosphate, Aminoethyl Phosphinic Acid, Caprylic/Capric Triglyceride, Diacetyl Boldine, Phenoxyethanol, Benzoic Acid, Dehydroacetic Acid

30304 Couperose Control Essence, 15ml

Special preparation based on high-quality hyaluronic acid combinations for effective moisturizing of the skin.

Intensive serum especially for the improvement of existing symptoms of couperose and rosacea. Especially redness is actively alleviated with this product and the skin appearance is evenly adjusted.

The combination of hyaluron and madecassosiden causes an increased storage of moisture in the skin.

MAIN ACTIVE INGREDIENTS:

- Hyaluronic acid combination of four different hyaluronic acids, from high to low molecular weight.
- Ambora extract as peptide-inhibiting active ingredient against couperose and reddened skin areas.
- Madecassoside (highly dosed) as wound-healing promoting, collagen-building active ingredient.

Suitable for couperose or rosacea and reddened skin.

Ingredients

Aqua (Water), Sodium Hyaluronate, Hydrolyzed Hyaluronic Acid, Biosaccharide Gum-1, Tambourissa Trichophylla Leaf Extract, Madecassoside, Sodium Ascorbyl/ Cholesteryl Phosphate, Arginine, Lysine, Phenoxyethanol, Benzoic Acid, Dehydroacetic Acid

30305 Hair Vitalizer Essence, 15ml

Special preparation based on high-quality hyaluronic acid combinations for effective moisturizing of the skin.

Intensive preparation especially for thinning and weak hair. Perfectly balanced active ingredients stimulate the hair roots and activate inactive hair follicles.

Hair follicles and their growth potential are proven to be supported. The contained pantothenes cares for the scalp and promotes wound healing.

Hyaluronic acid accelerates cell regeneration and stores moisture.

MAIN ACTIVE INGREDIENTS:

- Hyaluronic acid combination of four different hyaluronic acids, from high to low molecular weight.
- Capilia Longa, a turmeric extract, for the activation of inactive hair follicles.
- Hyaluronic acid combination as moisturizer.
- Pantothenes shows wound healing promoting effects.

Suitable for thinning hair or for hair that is loose.

Ingredients

Aqua (Water), Pentylene Glycol, Glycerin, Butylene Glycol, Sodium Hyaluronate, Calciumpantothenat, Arginine, Acetyl Tetrapeptide-3, Red Clover Extract, Myristoyl Pentapeptide-17, Curcuma Longa (Turmeric,) Callus Conditioned Media, Glucunolactone, Sodium Benzoate

DERMA SR HOME MASKS

Masks can solve various problems in the skin or they can serve as a feel-good mask to relax and pamper the skin.

30400 Purifying Silver Mask, 50ml

Gentle cream mask based on clay in combination with high-quality silver to calm impure or sensitive skin.

Inflammation foci are soothed and further inflammatory processes are prevented.

With its decongestant effect, the regeneration of the skin is additionally stimulated. Toxins are bound and removed by the white clay contained.

MAIN ACTIVE INGREDIENTS:

- DMS base as an emulsifier-free creme base with skin-like structure to increase moisture.
- White clay has a detoxifying, decongesting and soothing effect.
- Panthenol (highly dosed) as a wound healing promoting agent.
- Microsilver as a special silver essence against inflammatory processes of the skin, acts antibacterial.

Suitable for impure and acne-prone skin.

Ingredients

Aqua (Water), Kaolin, Glycerin, Hydrogenated Lecithin, C12-15 Alkyl Benzoate, Panthenol, Butyrospermum Parkii (Shea) Butter, Caprylic / Capric Triglyceride, Pentylene Glycol, Ceramide 3, Simmondsia Chinensis (Jojoba) Oil, Squalane, Aleurites Moluccana Nut Oil, Oryza Sativa Bran Oil, Butylene Glycol, Silver (CI 77820), Glyceryl Polyacrylate, Acrylates / C10-30 Alkyl Acrylate Crosspolymer, Phenoxyethanol, Benzoic Acid, Dehydroacetic Acid, Parfum

30401 Sensitive SOS Mask, 50ml

Cream mask based on alumina; absorbs toxins and removes them reliably.

With its anti-inflammatory effect, white clay is especially suitable for soothing reddened, swollen and sensitive skin.

MAIN ACTIVE INGREDIENTS:

- DMS base as an emulsifier-free creme base with skin-like structure to increase moisture.
- White clay has a detoxifying, decongesting and soothing effect.
- Dermasooth, an extract from royal herb, to improve the skin barrier. Very calming effect.
- DIAM-Oleoactiv, an essence from cork oak combined with coconut oil, increases collagen production and gives the skin a feeling of well-being.

Suitable for reddened and irritated skin.

Ingredients

Aqua (Water), Kaolin, Glycerin, Hydrogenated Lecithin, C12-15 Alkyl Benzoate, Butyrospermum Parkii (Shea) Butter, Caprylic / Capric Triglyceride, Pentyleneglycol, Ceramide 3, Simmondsia Chinensis (Jojoba) Oil, Squalane, Aleurites Moluccana Nut Oil, Oryza Sativa Bran Oil, Butylene Glycol, Propanediol, Agastache Mexicana Flower / Leaf / Stem Extract, Enteromorpha Compressa Extract, Silybum Marianum Fruit Extract, Ocimum Sanctum Leaf Extract, Cocos Nucifera Oil, Oak Root Extract, Glyceryl Polyacrylate, Acrylates / C10-30 Alkyl Acrylate Crosspolymer, Phenoxyethanol, Benzoic Acid, Dehydroacetic Acid, Parfum

DERMA SR HOME CREAMS

All creams are based on the DERMA MEMBRANE STRUCTURE (DMS)

It is:

- **extremely well tolerated as a base because the skin recognizes it as its own structure**
- **healthy because it is free of emulsifiers and its components are derived from nature or nature itself**

30501 Balance Hydrating Cream, 50ml

Rich care cream with high-quality vitamin C and hyaluron, especially suitable for slightly dry skin types.

A healthy skin balance is achieved by the contained DMS structural base.

In addition, it contains various luxurious oils that promise suppleness.

The complexion feels relaxed and is optimally protected against harmful UV rays of the sun.

MAIN ACTIVE INGREDIENTS:

- DMS base as an emulsifier-free cream base with skin-like structure to increase moisture.
- All four hyaluronic acid combinations unite the highest level of moisture in the skin.
- CAS, the so-called collagen building system, as a combination of matrixyl, proline and lysine to improve collagen synthesis.
- Vitamin C as a highly dosed antioxidant to bind free radicals.

Suitable for all slightly dry skin types.

Ingredients

Aqua (Water), Glycerin, Octocrylene, Butylmethoxydibenzoylmethane, Hydrogenated Lecithin, Butyrospermum Parkii (Shea) Butter, Caprylic / Capric Triglyceride, Pentylene Glycol, Myristyl Lactate, Simmondsia Chinensis (Jojoba) Oil, Squalane, Sodium Ascorbyl Phosphate, Aleurites Moluccana Nut Oil, Oryza Sativa Bran Oil, Glyceryl Polyacrylate, Butylene Glycol, Ceramide 3, Carbomer, Polysorbate-20, Palmitoyl Oligopeptide, Palmitoyl Tetrapeptide-7, Sodium Hyaluronate, C12-15 Alkyl Benzoate, Proline, Lysine, Acrylates / C10-30 Alkyl Acrylate Crosspolymer, Phenoxyethanol, Benzoic Acid, Dehydroacetic Acid, Parfum

30502 Rich Firming Cream, 50ml

Soothing care cream with high-quality vitamin C and hyaluron, especially recommended for dry, rather mature skin types.

A healthy skin balance is achieved by the contained DMS structural base.

In addition, it contains various luxurious oils that promise suppleness.

The complexion feels relaxed and is optimally protected against harmful UV rays of the sun.

MAIN ACTIVE INGREDIENTS:

- DMS base as an emulsifier-free cream base with skin-like structure to increase moisture.
- All four hyaluronic acid combinations unite the highest level of moisture in the skin.
- CAS, the so-called collagen building system, as a combination of matrixyl, proline and lysine to improve collagen synthesis.
- Vitamin C as a highly dosed antioxidant to bind free radicals.

ATTENTION: Rich Cream has a higher lipid balance (oils) than the Hydrating Cream. The active ingredients are the same, but it is richer for more mature skin.

Ingredients

Aqua (Water), Glycerin, Octocrylene, Butylmethoxydibenzoylmethane, Hydrogenated Lecithin, Butyrospermum Parkii (Shea) Butter, Caprylic / Capric Triglyceride, Pentylene Glycol, Myristyl Lactate, Simmondsia Chinensis (Jojoba) Oil, Squalane, Sodium Ascorbyl Phosphate, Aleurites Moluccana Nut Oil, Oryza Sativa Bran Oil, Glyceryl Polyacrylate, Butylene Glycol, Ceramide 3, Carbomer, Polysorbate-20, Palmitoyl Oligopeptide, Palmitoyl Tetrapeptide-7, Sodium Hyaluronate, C12-15 Alkyl Benzoate, Proline, Lysine, Acrylates / C10-30 Alkyl Acrylate Crosspolymer, Phenoxyethanol, Benzoic Acid, Dehydroacetic Acid, Parfum

30503 Vitamin C Repair Fluid, 50ml

Highly dosed vitamin C in this gentle emulsion improves the skin's defence by actively fighting off free radicals.

This fluid counteracts pigment changes.

Vitamin C also has a proven anti-aging effects and can actively reduce fine lines.

The contained extracts from the spirulina algae support this effect.

Hyaluron additionally provides moisture and freshness.

MAIN ACTIVE INGREDIENTS:

Vitamin C as a highly dosed antioxidant that binds free radicals and optimally protects the skin from environmental stress.

Hyaluronic acid combination as ideal moisturizer.

Spirulina Glycerine, from the Spirulina Algae, a seaweed with antioxidant, anti-inflammatory properties for further protection against UV exposure and free radicals.

Suitable for all skin types, especially for strengthening the skin barrier and combating pigmentation shifts.

Ingredients

Aqua (Water), Ethyl Ascorbic Acid, Sodium Ascorbyl Phosphate, C12-C15 Alkyl Benzoate, Panthenol, Glycerin, Squalane, Myristyl Lactate, Camelia Oleifera Seed Oil, Sodium Hyaluronate, Hydrolyzed Hyaluronic Acid, Argania Spinosa Kernel Oil, Butyrospermum Parkii (Shea) Butter, Spirulina Maxima Extract, Xanthan Gum, Acrylates/ C10-30 Alkyl Acrylate Crosspolymer, Phenoxyethanol, Benzoic Acid, Dehydroacetic Acid, Parfum

30504 Night Regenerating Cream, 30 ml

This rich skin care cream is especially used during the night.

The grape seed oil contained in the cream has a strong antioxidant effect and builds up active protection of the cell membrane.

The unique combination of camellia oil, diosgenin and panthenol moisturizes and regenerates the skin and supports the natural repair process during the night.

Symptoms of fatigue are thus alleviated. The skin appears more lively and visibly relaxed.

MAIN ACTIVE INGREDIENTS:

- DMS base as emulsifier-free cream base with skin-like structure to increase moisture.
- Silk proteins as an additional moisture booster for particularly dry skin, supplements the DMS base and ensures a smooth complexion.
- Grape seed oil with antioxidant effect, camellia oil to reduce small wrinkles.
- Diosgenin regenerates the skin and strengthens the contours.
- Panthenol as an ideal skin care substance of the skin barrier to improve the balance.
- Pomegranate seed oil improves the complexion as it has an oxidative effect.
- Madecassoside promotes wound healing and inhibits inflammatory processes.
- Hyaluronic acid combination as ideal moisturizer.

Suitable for mature, dry and thin skin.

Ingredients

Aqua (Water), Glycerin, C12-15 Alkyl Benzoate, Hydrogenated Lecithin, Butyrospermum Parkii (Shea) Butter, Caprylic/ Capric Triglyceride, Myristyl Lactate, Squalane, Vitis Vinifera (Grape) Seed Oil, Camelia Oleifera Seed Oil, Punica Granatum (Pomegranate) Seed Oil, Pentylene Glycol, Panthenol, Hydrolysed Silk, Leuconostoc/Radish Root Ferment Filtrate, Ceramide 3, Sodium Ascorbyl Phosphate, Spirulina Maxima Extract, Glyceryl Polyacrylate, Sodium Hyaluronate, Sodium Hyaluronate (Crosslinked), Madecassoside, Dioscorea Villosa (Wild Yam) Root Extract, Acrylates/C10-30 Alkyl Acrylate Crosspolymer, Phenoxyethanol, Benzoic Acid, Dehydroacetic Acid, Parfum

30505 Retinol Night Renewal Fluid, 30 ml

This special night care works from the inside out during the regeneration phase of the skin.

Especially recommended for more mature skin types.

The retinol it contains stimulates collagen production and, thanks to its nourishing properties, restores balance to damaged areas of skin.

Collrepair prevents glycation (saccharification) in the skin, which has been proven to contribute to the development of premature wrinkles and faster skin aging.

The vitamin A contained in the product has an antioxidant and rejuvenating effect.

MAIN ACTIVE INGREDIENTS:

- Retinol as a powerful collagen booster, which releases retinol in gentle doses to build up the skin from within.
- Hyaluronic acid as ideal moisturizer.
- Matrixyl as a tissue-strengthening, collagen-stimulating substance, stimulates collagen synthesis I and III.
- Collrepair, a synthetic complex, which can give back tonicity and elasticity to the skin fibres. It has been proven to combat glycation.

Suitable for mature, thin skin that wants to experience pure anti-ageing effects.

Ingredients

Aqua (Water), C12-C15 Alkyl Benzoate, Panthenol, Squalan, Myristyl Lactate, Vitis Vinifera (Grape) Seed Oil, Glyceryl Behenate, Caprylic/Capric Triglyceride, Retinol, Prunus amygdalus dulcis (Sweet Almond) Oil, Butyrospermum Parkii (Shea) Butter, Sodium Hyaluronate, Sodium Hyaluronate (Crosslinked), Lecithin, Carnosine, Tocopherol, Silybum Marianum Fruit Extract, Niacinamide, Glycerin, Xanthan Gum, Salvia Miltiorrhiza Leaf Extract, Sodium Ascorbyl Phosphate, Polysorbate 20, Sodium Cocoamphoacetate, Pentyleneglycol, Pentaerythrityl Tetra-Di-T-Butyl Hydroxyhydrocinnamate, Caprylyl Glycol, Alcohol, C10-30 Alkyl Acrylate Crosspolymer, Phenoxyethanol, Benzoic Acid, Dehydroacetic Acid, Parfum

30506 Eye Lift Cream, 15ml

Special preparation for tightening the eye area.

The unique DMS base structure brings the sensitive skin back into balance.

Exclusive oils supply it with valuable nutrients and create a smooth feeling.

The contained hyaluron supports the absorption of moisture. Suitable for all skin types due to its fragrance-free formula.

Extensive UVA and UVB protection prevents premature skin ageing.

MAIN ACTIVE INGREDIENTS:

- UV protection against harmful UVA/UVB radiation.
- DMS base as emulsifier-free cream base with skin-like structure to increase moisture.
- Hyaluronic acid combination as ideal moisturizer.
- Symlift as a natural combination of active ingredients to reduce wrinkles, the skin looks fresher and younger, the skin moisture is proven to be improved.

Suitable to refresh the eye area of all sensitive skin types.

Ingredients

Aqua (Water), Glycerin, Hydrogenated Lecithin, C12-15 Alkyl Benzoate, Butyrospermum Parkii (Shea) Butter, Caprylic/ Capric Triglyceride, Pentylene Glycol, Ethylhexyl Triazone, Squalane, Butylmethoxydibenzoylmethane, Panthenol, Myristyl Lactate, Aleurites Moluccana Nut Oil, Oryza Sativa Bran Oil, Simmondsia Chinensis (Jojoba) Oil, Butylene Glycol, Trehalose, Beta-Glucan, 1,2-Hexanediol, Caprylyl Glycol, Hordeum Vulgare Seed Extract, Carbomer, Sodium Hyaluronate, Sodium Hyaluronate (Crosslinked), Hydrolyzed Hyaluronic Acid, Glyceryl Polyacrylate, Polysorbate 20, Palmitoyl Oligopeptide, Palmitoyl Tetrapeptide-7, Ceramide 3, Acrylates / C10-30 Alkyl Acrylate Crosspolymer, Phenoxyethanol, Benzoic Acid, Dehydroacetic Acid

30507 Instant Lift Fluid, 5ml

This fluid makes small wrinkles around the eyes disappear immediately.

As an immediate effect, the skin appears padded and rejuvenated.

Particularly effective in combination with eye lift cream and the coordinated eye lift essence.

MAIN ACTIVE INGREDIENTS:

- Verek acacia extract for significant wrinkle reduction.
- Helixan as a natural active ingredient from snail secretion to improve collagen and elastin synthesis.

Suitable for all skin types.

Ingredients

Aqua (Water), C12-15 Alkyl Benzoate, Acacia Senegal Gum, Hydrolyzed Rhizobian Gum, Squalane, Aleurites Moluccana Nut Oil, Oryza Sativa Bran Oil, Sodium Hyaluronate (Crosslinked), Phenoxyethanol, Benzoic Acid, Dehydroacetic Acid

30508 Scar Repair Cream, 5ml

Slightly mattifying, slightly creamy care cream, especially suitable for greasy, oily skin with a tendency to impurities.

The contained DMS base structure supports the natural barrier function of the skin. The hyaluron and matrixyl contained provide moisture.

The finely balanced microsilver is particularly effective against inflammatory processes in the skin.

MAIN ACTIVE INGREDIENTS:

- Hyaluronic acid combination as moisturizer.
- Matrixyl as a tissue-strengthening agent for improved collagen production.
- Microsilver as a high-quality silver essence with a wound healing promoting effect.

Suitable for impure, oily skin with a tendency to impurities.

Ingredients

Aqua (Water), Glycerin, C12-C15 Alkyl Benzoate, Ethylhexyl Triazone, Butyl Methoxydibenzoylmethane, Butyrospermum Parkii Butter, Caprylic/Capric Triglyceride, Hydrogenated Phosphatidylcholine, Squalane, Aleurites Moluccana Nut Oil, Myristyl Lactate, Oryza Sativa Germ Oil, Simmondsia Chinensis Oil, Silver (CI 77820), Sodium Hyaluronate, Hydrolyzed Hyaluronic Acid, Pentylene Glycol, Sodium Ascorbyl Phosphate, Sodium Lactate, Lysin, Prolin, Ceramide NP, Palmitoyl Tripeptide-1, Palmitoyl Tetrapeptide-7, Butylene Glycol, Glyceryl Polyacrylate, I Acrylates/C10-30 Alkyl Acrylate Crosspolymer, Carbomer, Polysorbate 20, Phenoxyethanol, Benzoic Acid, Dehydroacetic Acid, Parfum

30509 UV Skin Protection Cream, 50ml

As a high-quality anti-aging sun cream for the face, UV Skin Protection Cream has SPF 30 and, when used correctly, provides reliable protection from the sun's harmful UVA/UVB rays.

This cream protects the skin from light damage and the resulting signs of aging.

MAIN ACTIVE INGREDIENTS:

- Venuceane® Active ingredient with biotechnological protective effect, supports the skin's ability to regenerate.
- Panthenol promotes regeneration and has a calming effect.

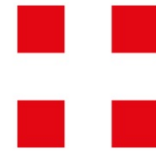

Suitable for all skin types.

Ingredients

Aqua (Water), Octocrylene, Butylene Glycol, Methylene Bis-Benzotriazolyl, Cyclopentasiloxane, Tetramethylbutylphenol, Butylene Glycol Dicaprylate/Dicaprate, Ethylhexyl Salicylate, Coco glyceride, Glyceryl Stearate, Cetearyl Alcohol, Thermus Thermophilus Ferment, Panthenol, Dimethicone, Tricontanyl Pvp, Butyl Methoxydibenzoylmethane, Bis-Ethylhexyloxyphenol Methoxyphenyl Triazine, Cyclohexasiloxane, Potassium Palmitoyl Hydrolyzed Wheat Protein, Sodium Stearoyl Lactylate, Urea, Serine, Allantoin, Glycerin, Pentylene Glycol, Sodium Lactate, Sorbitol, Propylene Glycol, Dehydroacetic Acid, Decyl Glucoside, Xanthan Gum, Sodium Polyacrylate, Lactic Acid, Sodium Chloride, Tetrasodium Edta, Phenoxyethanol, Benzoic Acid, Potassium Sorbate, Parfum
