- SIMPLIFIED INSTALLATION
- UNIVERSAL COMPATIBILITY
- VERSATILE SIZING OPTIONS

## SEELESS MISSION AND SOLUTIONS

At SeeLess, our mission is to empower you with elegant solutions that seamlessly bridge the gap between innovation and aesthetics. By harnessing the artistry of plaster, we've expertly crafted brand-agnostic mounts to accommodate an array of in-wall devices, including receptacles, switches, outlets, keypads, dimmers, thermostats, access points, speakers, and smoke detectors.

### PRODUCT FEATURES & BENEFITS:

- Seamless recessed integration for walls and ceilings
- Paintable level five plaster finish
- Mounting hardware and UL-certified metal junction box included
- Improved installation fits standard wall depth
- Brackets can adjust to 5/8", 3/4", 1/2" drywall
- Accommodates Class 1 and Class 2 wiring devices
- Compatible with major manufactures' plates, dimmers/switches, and most wiring devices (Reveals may vary depending on plate sizes)
- Compatible with new construction and remodel installations
- Appropriate for residential & commercial projects
- U.S. and Int'l Patents: [www.seeless.com/patents](http://www.seeless.com/patents)
