SeeLess™ SOLUTIONS

SLA-TPCT7-375/SLA-TPCT10-375

Built for a wide array of home aesthetics, this platform is the unison of trim-free style with optimal functionality to increase interior space and provide truly seamless integration for Creston touch panels 70 series to mount to a two gang backbox. The SLA-TPCT7-375 mount is fully functional with a 7" Crestron touch panel, and the SLA-TPCT10-375 accommodates the 10" device.
