## SLD-TPC48-375/TPC410-375 Control4 Touch Panels In-Wall Plaster Mounting Platform (8" & 10")

Built for a wide array of home aesthetics, this platform is the union of trim-free style with optimal functionality to increase interior space and provide truly seamless integration to accommodate Control4 touchscreens. Magnetic mounting and hardware facilitate quick and easy installation. The SLD-TP48-375 accommodates an 8" C4 device & leaves a 3/8" reveal around the device for easy access. The SLD-TPC410-375 accommodates an 10" C4 device & leaves a 3/8" reveal around the device for easy access.

### SLD-TPC48-375

### SLD-TPC410-375

## Key Features

- Magnetic mounting and hardware facilitate quick and easy installation
- Leaves a 3/8" reveal around the Control4 touch panel
- Made with Wi-Fi friendly green materials
- Future-proof design assured by the reveal details
- Capable of supporting both landscape and portrait mounting applications
- A completely seamless and trimless design highlighted by flush mounting
- Functional with Control4 8" & 10" touch panels and other similar device makers
