Add **Gel-Ohh** to your spa pedicure menu as a fun premium upgrade! Gel-Ohh locks in the heat from warm water for longer than a normal foot soak to relax tense muscles and promote circulation. Packed with exfoliating ingredients and natural extracts with pleasant aromas that promote deep relaxation and clean, refreshed skin.

### How to use:

1. Fill tub with warm water.
2. Pour in **Step 1**: Jelly Spa Bath to turn water into jelly.
3. Soak feet and massage with jelly.
4. Add **Step 2**: Dilution Mineral to dilute the jelly back to water.
5. Drain and move on to the next pedicure step.
