4. FIRST AID MEASURES				
4.1. Description of necessary first aid me	asures	I a		
Ingestion:		Rinse mouth out with water. Do not attempt to induce vomiting		
		unless directed to do so by a physician. Drink one or two glasses		
			of water to dilute the product. Never give anything by mouth to	
			Seek medical attention immediately.	
Eye:			Imme diately flush with water for 15 minutes including under	
		eyelids. If person is wearing contact lenses, remove them prior		
		to flushing. Seek medical attention		
Skin:		Unlikely to cause skin irritation following brief or occasional		
		contact. However, repeated or prolonged contact may cause		
		skin i rritation and eventually lead to dermatitis.		
Inhalation:		Va pours may cause i rritation to upper respiratory tract and may		
		cause depression of the central nervous system. If breathing difficulties are experience, seek medical attention.		
4.2. Modical Attention And Chariel Tract	mont	aifficulties are experien	ce, seek medical attention.	
4.2. Medical Attention And Special Treat	ment	A course of class water	schould be available in the work area for	
First Aid Facilities:		A source of clean water should be a vailable in the work a rea for		
Comments		flushing e yes and s kin.		
Comments:	E EIDE EI	None GHTING MEASURES		
5.1. Suitable extinguishing media:	J. FIRE FI		al carbon dioxide or foam may be used	
J.T. Jurtable extiliguistillig fileula.		Flammable. Dry chemical, carbon dioxide or foam may be used. Water s pray to cool fire only.		
E 2 Hazards from combustion products		During a fire irritating and toxic gases maybe produced by		
5.2. Hazards from combustion products:				
5.3. Special protective precautions and equipment for		combustion or thermal decomposition.  Move exposed containers from fire a reas if possible. When		
fire fighters:			fighting fires involving significant quantities of this product, fire -	
ine ngiiteis.		fighters should wear safety footwear, non-flammable gloves,		
		-	ad soft contained broathing a paratus	

Date issued: 21/02/2018
