		unless directed to do so by a physician. Never give anything by	
		mouth to an unconscious person. If large quantities are	
		swallowed, seek medical advice immediately.	
Eye:		Flush with water for 15 minutes including under eyelids. If	
,		person is wearing contact lenses, remove them prior to flushing.	
		Seek medical advice if discomfort persists.	
Skin:		May cause temporary local redness after application.	
		Discontinue use if irritation occurs, seek medical attention if	
		discomfort persists. If directions for use not followed correctly	
		and applied too hot this may cause burns in which case flush	
		with or immerse in cold water. Seek medical attention for burns.	
Inhalation:		If respiratory symptoms develop whilst using molten material	
		remove patient from area of exposure into fresh air. If	
		symptoms persist, seek medical advice.
