## Instruction Manual for

## Screen Cleaner Kit

Read through this entire instruction manual BEFORE using your Screen Cleaner Kit.

We're dedicated to bringing you well-designed products that make living fun and easy. We stand behind all our products and warrant this to be free from defects in workmanship and materials for 90 days from the date of purchase.

For service claims or questions please consult our website ProtocolNY.com.

## USE

- Use the anti-static brush to clean off dust particles on the screen. If dirt still remains on the screen, follow up with step 2.
- At a 6 inch distance, spray cleaning fluid onto the screen. The spray bottle pops out of the center of the kit.
- Once you have sprayed the screen, gently rub the flat screen cleaner across the screen surface.
- We recommend cleaning the screen at least once every 2 weeks to maintain an optimal viewing experience.

## WARNING:

Do not spray too much cleaning fluid as this may cause dripping.

Do not use excess force on the screen during cleaning as this may cause damage to the screen.

Point the cleaning fluid spray away from eyes. Consult a doctor immediately in case of eye contact with the spray.

Keep out of reach of children.
