To lock the leash at a desired length, press and then push down the locking button. To release the leash, press and push up the locking button.

Locking leash

Bag dispenser:

Removing bags
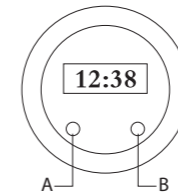

Replacing bags

Clock/date:

The clock requires 1 'LR41' battery already included.

Setting the clock:

- To set the month, press the A button twice so that the month displays. Press the B button continually until you reach the desired month.
- To set the day, press the A button again once. Press the B button continually until you reach the desired day.
- To set the hour, press the A button again once. Press the B button continually until you reach the desired hour. Please note this clock is in a 12 hour format so you will scroll through AM and PM hours.
- To set the minute, press the A button again once. Press the B button continually until you reach the desired minute.
- Press the A button once for the normal time display.

Viewing the clock:

- The normal display will show the time in the hour and minute format.
- To view the month and day, press the A or B button once.
- Press the B button again to view the seconds.
- To return to the normal display, press the B button.

12:38

A   B

Flashlight:

Batteries:

Remove the battery cover and install 3 'AAA' batteries according to indicated polarities.

Turning flashlight on and off:

Push the flashlight button on the back of the handle up to turn on the flashlight and down to turn off the flashlight.
