PROTOCOL

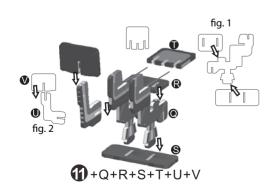

Lock pieces C and E into the front and back, then slide piece
D up from underneath so it fits snugly next to the motor.

4+F

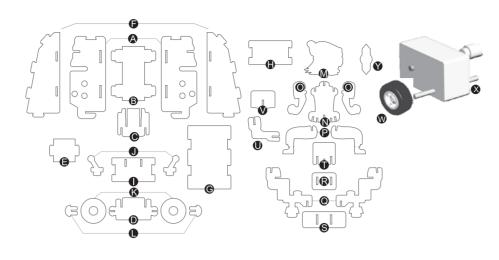

Lock the F pieces onto each side.

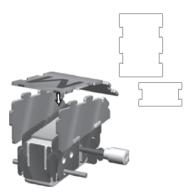

Take pieces Q and clip piece R onto the top protrusions, and piece S to the bottom protrusions (Fig.1) Piece T should attach between

Join piece V and piece U together. (Fig.2)

PARTS

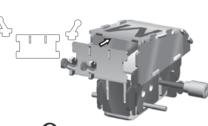

ASSEMBLY

6 +G+H

Lock pieces G and H onto the top.

6+l+J

Attach leg support pieces (J) onto panel I. Attach panel I onto pieces G + F.

8 +W

7 +K+L

Push rubber wheels all the way onto the back axles to attach.

Slide piece K onto the front spokes.

Pieces L should attach to the wheel

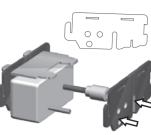

axles to hold them in place.

1 A+B+X

Attach pieces B and X into one of the larger pieces (A).

Note: Make sure all pieces are pressed in all the way in order to securely interlock and leave room for later pieces.

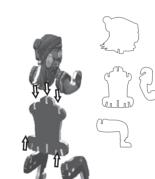

Attach the other A piece to encase the motor. Secure the motor by sliding the wind-up handle into the long groove, as well as inserting the second spoke through a hole in piece A.

All four wheels should be firmly in place and stable.

1 +M+N+0+P

Assemble the zombie body by securing the head (M) and arms (O) to the torso (N), then push the legs (P) up to lock into torso.

Attach combined pieces V and U to

Attach seated zombie to back of machine. Push assembled zombie down to lock.
