Read through this entire instruction manual BEFORE using Wheel Loader 3D Wind-Up Desktop Racer.
We're dedicated to bringing you well-designed products that make living fun and easy. We stand behind all our products and warrant this to be free from defects in workmanship and materials for 30 days from the date of purchase.
For service claims or questions please consult our website PROTOCOLNY.COM.

Use the awl to punch out all of the pieces (E).
Follow the instructions step by step.

1 A2 + A3 + B1
Attach pieces A2 and A3 onto pieces B1.

Note: Make sure all pieces are pressed in all the way in order to securely interlock and leave room for other pieces.

3 B4 + C4
Attach B4 to C4 by sliding them together as pictured.

5 B5 + B6 + C6
Align pieces B6 and C6. Insert pieces B5 through the holes. Connect the C5 pieces as shown.

7 + C1
Add side piece C1, to mirror side piece B1.

2 +X
Attach motor X by sliding the metal ends into the corresponding holes in piece B2.

4 Combine the structure from step 3 with the structure from step 2.

6 Combine the structure from step 5 with the structure from step 4.

8 B7 + C7
Add pieces B7 and C7 to each side.

9 A8 + B9 + C9
Attach pieces B9 and C9 to piece A8.

15 Combine structures from steps 12 and 14.

21 + A20
Bend piece A20 and add to the front of the structure from step 20.

26 Secure structures from step 25 by combining pieces B24 and C24 so they lock together.

10 C10 + B11 + C11
Attach pieces B10 using pieces B11, and pieces C10 using pieces C11.

16 Fold piece A17.

22 + A20
Gently bend and fold piece A21.

27 A25 + A26
Combine pieces A25 and 26 so they interlock.

11 B12 + C12
Attach structures from steps 9 and 10. Then attach pieces B12 and C12.

17 Combine structures from steps 15 + 16.

23 B22 + C22
Add pieces B22 and C22 to the piece A21 from step 22.

28 Combine structure from step 27 by adding it to the structure from step 26.

12 Combine structures from steps 8 and 11.

18 + A20
Gently bend and fold piece A18 and attach.

24 Add pieces B23 and C23 to the structure from step 23.

25 Combine structures from steps 21 and 24 by attaching the shovel to the front of the wheel loader (pieces B5 and B6, from step 5).

13 A14 + B13 + B15 + C13 + C15
Gently bend and fold pieces A14, B13, B15, C13, and C15.

19 + W
Combine structure from step 18 with wheels W.

25 Combine structures from steps 21 and 24 by attaching the shovel to the front of the wheel loader (pieces B5 and B6, from step 5).

Puzzle complete!
Wind motor to start racing.

14 + W
Attach and combine structures from step 13 with parts B16 and C16.

20 + A19
Combine structure from step 19 with piece A19.

25 Combine structures from steps 21 and 24 by attaching the shovel to the front of the wheel loader (pieces B5 and B6, from step 5).
