

Instruction Manual

360°
BUG VACUUM

**BUZZ
KILL™**

Read through this entire instruction manual BEFORE using the **Buzz Kill**. We're dedicated to bringing you well-designed products that make living fun and easy. We stand behind all our products and warrant this to be free from defects in workmanship and materials.

For service claims or questions please consult our website **ProtocolDesign.com**.

WARNINGS:

- Do not disassemble.
- Use only as directed.

PARTS:

1. LED Light
2. Fan
3. Removable Base
4. USB Power Cord

HOW TO USE:

1. Plug the cord into a USB port. Buzz Kill works best in dark spaces and can run continually through the night. Make sure to keep Buzz Kill away from other fans, air conditioners to ensure that mosquitoes aren't blown away.
2. The LED light will attract mosquitoes while the fan will suck them into the base.
3. Twist open the base 1 week after last use to ensure mosquitoes are dead before emptying.
