CFCR36	\$387.99	Copper Finish Splash Ring for 36" Spillways	CFBASIN36	40"W x 8½"D x 1½"H	3-year

- Formal Spillways are typically installed in small recirculating systems where controlling water loss is crucial
- Splash Rings eliminate splash and reduce evaporation, prolonging time between fill ups
- Installed on the top of the basin, Splash Rings add a finished, architectural accent to Colorfalls, Wall Spouts and Scupper displays
- Surround Splash Rings with decorative gravel for a finished look
- 304 stainless steel mesh and ¾" stainless banding deliver years of service

### **::TECH TIP::**

Cut away the black Splash Mat under the Splash Ring to amplify the sound of the waterfall. Placing different sized stones under the mesh will change the sound of the falls.
