

Vianti Falls

With simple elegance the Vianti Falls system adds the beauty of water to any block wall. A stainless steel spillway with internal baffles creates a soothing sheet of water which is captured in a pleasing half-circle basin. Illuminating the falls with an optional LED light bar allows for a stunning night time display. Whether indoors or outdoors, the Vianti Falls system by EasyPro will provide a wonderful addition to any patio or entry way.

Complete systems available with 23" or 35" widths. Systems include Vianti Falls spillway, pump, plumbing, autofill, basin and optional LED lighting in blue or white. Vianti Falls spillways are also available in 11" and 47" sizes.

Vianti Falls

Vianti Falls System Features:

Stainless Steel Spillway

Internal baffle to create smooth waterfall, open design to resist clogging from debris or hard water, 304 stainless steel to resist corrosion
