

### **1** Identification

- · Product identifier
- · Trade Name : Vetiver Oil
- · CAS Number: 8016-96-4

· Other means of identification: N/A

- · Recommended use and restriction on use ·
- · Recommended use: Essential oils.
- · Restrictions on use: No relevant information available.

#### · Details of the supplier of the Safety Data Sheet ·

# • **Manufacturer/Supplier:** VEDAOILS.

A-91, Wazirpur Industrial Area, Delhi – 110052,India.

# · Emergency telephone number:

+91-9999525990

### 2 Hazard(s) identification

#### · Classification of the substance or mixture

Skin Sens. 1BH317 May cause an allergic skin reaction.Muta. 2H341 Suspected of causing genetic defects.Carc. 2H351 Suspected of causing cancer.

#### · Label elements

- · GHS label elements
- The product is classified and labeled according to the Globally Harmonized System (GHS).
- Hazard pictograms:

- · Signal word: Warning
- Hazard statements:
- H317 May cause an allergic skin reaction.
- H341 Suspected of causing genetic defects.
- H351 Suspected of causing cancer.
- Precautionary statements:
- P201 Obtain special instructions before use.
- P202 Do not handle until all safety precautions have been read and understood.
- P261 Avoid breathing mist, vapors, or spray.
- P272 Contaminated work clothing must not be allowed out of the workplace.
- P280 Wear protective gloves and eye protection.

P302+P352 If on skin: Wash with plenty of soap and water.

P308+P313 IF exposed or concerned: Get medical advice/attention.

P333+P313 If skin irritation or rash occurs: Get medical advice/attention.

P363 Wash contaminated clothing before reuse.

P405 Store locked up.

P501 Dispose of contents/container in accordance with local/regional/national/international regulations.

Other hazards There are no other hazards not otherwise classified that have been identified.

## 3 Composition/information on ingredients

- · Chemical characterization: Substances
- · CAS No. Description 8016-96-4

INCI Name: Vetiveria Zizanioides

100% Pure and Natural Vetiver Oil

# 4 First-aid measures

### Description of first aid measures

• After inhalation: Supply fresh air; consult doctor in case of complaints.

#### · After skin contact:

Immediately wash with water and soap and rinse thoroughly.

If skin irritation or rash occurs: Get medical advice/attention.

· After eye contact:

Remove contact lenses if worn.

Rinse opened eye for several minutes under running water. If symptoms persist, consult a doctor.

After swallowing:

Rinse out mouth and then drink plenty of water.

Do not induce vomiting; immediately call for medical help.

Most important symptoms and effects, both acute and delayed: Allergic reactions

Gastric or intestinal disorders when ingested.

Slight irritant effect on skin and mucous membranes.

Slight irritant effect on eyes.

Danger:

Suspected of causing genetic defects. Suspected of causing cancer.

• Indication of any immediate medical attention and special treatment needed: Contains Star anise oil. May produce an allergic reaction.

Treat skin and mucous membrane with antihistamine and corticoid preparations.

### 5 Fire-fighting measures

- · Extinguishing media
- **Suitable extinguishing agents:** Foam Fire-extinguishing powder Carbon dioxide
- Gaseous extinguishing agents
- Water fog / haze
- For safety reasons unsuitable extinguishing agents: Water spray Water stream.
- Special hazards arising from the substance or mixture Formation of toxic gases is possible during heating or in case of fire.
- Advice for firefighters
- Protective equipment:

Wear self-contained respiratory protective device. Wear fully protective suit.

### 6 Accidental release measures

• Personal precautions, protective equipment and emergency procedures Ensure adequate ventilation.

Keep away from ignition sources.

Wear protective equipment. Keep unprotected persons away.

For large spills, use respiratory protective device against the effects of fumes/dust/aerosol.

- Environmental precautions
   Do not allow to enter sewers/ surface or ground water.
   Inform respective authorities in case of seepage into water course or sewage system.
  - Methods and material for containment and cleaning up

Absorb with liquid-binding material (sand, diatomite, acid binders, universal binders, sawdust). Send for recovery or disposal in suitable receptacles.

- Reference to other sections
   See Section 7 for information on safe handling.
   See Section 8 for information on personal protection equipment.
- See Section 13 for disposal information.

## 7 Handling and storage

- ·Handling
- **Precautions for safe handling:** Avoid splashes or spray in enclosed areas. Use only in well ventilated areas. Keep out of reach of children.
- $\cdot$  Conditions for safe storage, including any incompatibilities
- **Requirements to be met by storerooms and receptacles:** Store in cool, dry conditions in well sealed receptacles.

Avoid storage near extreme heat, ignition sources or open flame.

Information about storage in one common storage facility:

Store away from foodstuffs.

Store away from oxidizing agents.

Specific end use(s) No relevant information available.

### 8 Exposure controls/personal protection

- Control parameters
- Components with limit values that require monitoring at the workplace: The product does not contain any relevant quantities of materials with critical values that have to be monitored at the workplace.
- · Exposure controls
- General protective and hygienic measures: The usual precautionary measures for handling chemicals should be followed. Keep away from foodstuffs, beverages and feed. Immediately remove all soiled and contaminated clothing. Wash hands before breaks and at the end of work. Avoid contact with the eyes and skin. Avoid breathing mist, vapors, or spray.
- Engineering controls: Provide adequate ventilation.
- · Breathing equipment: Not required under normal conditions of use.
- Protection of hands:

Protective gloves

• Material of gloves

Nitrile rubber, NBR Butyl rubber, BR Fluorocarbon rubber (Viton) Neoprene gloves Natural rubber, NR **Eye protection:** 

Safety glasses

Follow relevant national guidelines concerning the use of protective eyewear.

- **Body protection:** Protective work clothing
- Limitation and supervision of exposure into the environment
- Avoid release to the environment.
- · Risk management measures No relevant information available.

## 9 Physical and chemical properties

<ul> <li>Information on basic physical and chemical properties</li> </ul>		
· Appearance:		
Form:	Oily Liquid	
Color:	GOLDEN TO BROWNISH LIQUID	

Odor: Odor threshold: Characteristic Not determined.

· PH-value:	Not determined.
<ul> <li>Melting point/Melting range:</li> </ul>	15-19 °C (59-66.2 °F)
<ul> <li>Boiling point/Boiling range:</li> </ul>	>200 °C (>392 °F)
· Flash point:	>60 °C
The product is not flammable.	
<ul> <li>Flammability (solid, gaseous):</li> </ul>	Not applicable.
<ul> <li>Auto-ignition temperature:</li> </ul>	Not determined.
<ul> <li>Decomposition temperature:</li> </ul>	Not determined.
<ul> <li>Danger of explosion:</li> </ul>	Product does not present an explosion hazard.
· Explosion limits	
Lower:	Not determined.
Upper:	Not determined.
<ul> <li>Oxidizing properties:</li> </ul>	Not determined.
· Vapor pressure:	Not determined.
· Density:	
Relative density:	0.97-0.99
Vapor density:	Not determined.
Evaporation rate:	Not determined.
Solubility in / Miscibility with	
Water:	Not miscible or difficult to mix.
Partition coefficient (n-octanol/water):	Not determined.
Viscosity	
Dynamic:	Not determined.
Kinematic:	Not determined.
<ul> <li>Other information</li> </ul>	No relevant information available.

# 10 Stability and reactivity

· **Reactivity:** No relevant information available.

- · Chemical stability: Stable under normal temperatures and pressures.
- Thermal decomposition / conditions to be avoided:
- No decomposition if used and stored according to specifications.
- Possibility of hazardous reactions

Reacts with strong oxidizing agents.

Toxic fumes may be released if heated above the decomposition point.

- $\cdot$  Conditions to avoid Excessive heat.
- · Incompatible materials Oxidizers
- · Hazardous decomposition products

Under fire conditions only:

Carbon monoxide and carbon dioxide

# **11 Toxicological information**

#### Information on toxicological effects

- · Acute toxicity: Based on available data, the classification criteria are not met.
- · LD/LC50 values that are relevant for classification: None.
- Primary irritant effect:
- · On the skin: Based on available data, the classification criteria are not met.
- · On the eye: Based on available data, the classification criteria are not met.
- · Sensitization: Sensitization possible through skin contact.

### IARC (International Agency for Research on Cancer):

Substance is not listed.

· NTP (National Toxicology Program):

Substance is not listed.

# OSHA-Ca (Occupational Safety & Health Administration):

Substance is not listed.

#### Probable route(s) of exposure:

Ingestion. Inhalation. Eye contact.

Skin contact.

- · Germ cell mutagenicity: Suspected of causing genetic defects.
- · Carcinogenicity: Suspected of causing cancer.
- · Reproductive toxicity: Based on available data, the classification criteria are not met.
- STOT-single exposure: Based on available data, the classification criteria are not met.
- STOT-repeated exposure: Based on available data, the classification criteria are not met.
- · Aspiration hazard: Based on available data, the classification criteria are not met.

### **12 Ecological information**

· Toxicity

- Aquatic toxicity Toxic to aquatic life with long lasting effects.
- · Persistence and degradability No relevant information available.
- · Bioaccumulative potential: No relevant information available.
- Mobility in soil: No relevant information available.
- Additional ecological information
- · General notes: Do not allow product to reach ground water, water course or sewage system.
- Results of PBT and vPvB assessment
- · PBT: Not applicable.
- vPvB: Not applicable.
- · Other adverse effects No relevant information available.

### 13 Disposal considerations

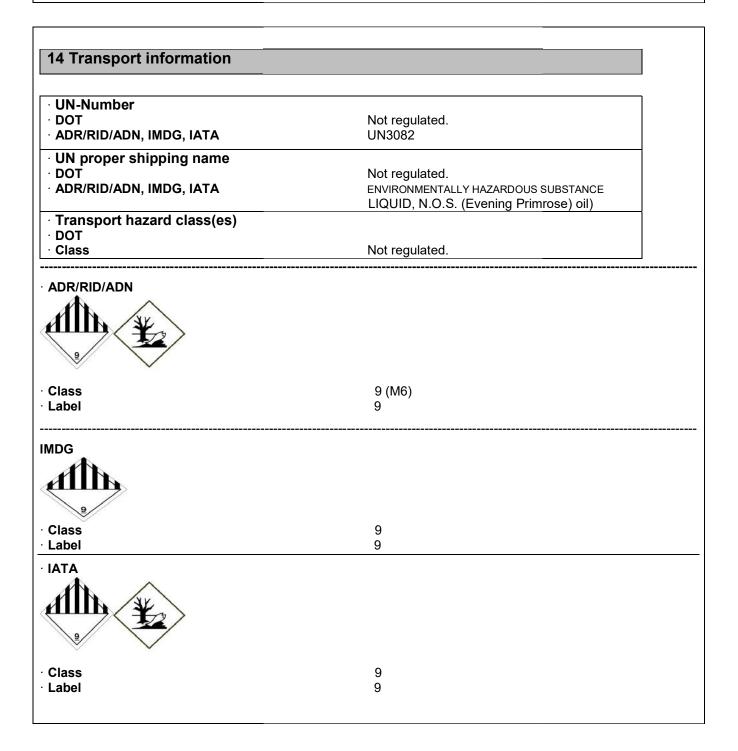

#### · Waste treatment methods

#### · Recommendation:

The user of this material has the responsibility to dispose of unused material, residues and containers in compliance with all relevant local, state and federal laws and regulations regarding treatment, storage and disposal for hazardous and nonhazardous wastes.

#### Uncleaned packagings

• Recommendation: Disposal must be made according to official regulations.

· Packing group	
DOT	Not regulated.
ADR/RID/ADN, IMDG, IATA	
Environmental hazards	Product contains environmentally hazardous
Marine pollutant:	substances: Evening Primrose Oil Yes
	165
· Special precautions for user	Warning: Miscellaneous dangerous
	substances and articles.
Danger code (Kemler):	90
EMS Number:	F-A,S-F
Transport in bulk according to Annex II of	
MARPOL73/78 and the IBC Code	Not applicable.
Transport/Additional information:	Not regulated when carried in single or
	Combination packaging containing a net
	quantity of 5 L or less for liquids or 5 kg or
	less for solids per the following:
	ADR: SP 375
	IMDG: 2.10.2.7
	IATA: special provision A197
507	
· DOT	
• Remarks: Transport labeling is not required fo	
	single package shipments by motor vehicle,
	rail car or aircraft. Bulk packaging consists of
	a maximum capacity of greater than 450L
	(119 gallons) for a liquid and a maximum net
	mass greater than 400kg (882 pounds) for a
	solid.

## **15 Regulatory information**

Safety, health and environmental regulations/legislation specific for the substance or mixture

- · United States (USA)
- · SARA

• Section 302 (extremely hazardous substances):

Substance is not listed.

· Section 355 (extremely hazardous substances):

Substance is not listed.

· Section 313 (Specific toxic chemical listings):

Substance is not listed.

TSCA (Toxic Substances Control Act)

Substance is listed.

· Proposition 65 (California)

Chemicals known to cause cancer:

Present in trace quantities.

140-67-0 Estragole		
Chemicals known to cause developmental toxicity for females:		
Substance is not listed.		
· Chemicals known to cause developmental toxicity for males:		
Substance is not listed.		
· Chemicals known to cause developmental toxicity:		
Substance is not listed.		
· EPA (Environmental Protection Agency):		
Substance is not listed.		
· IARC (International Agency for Research on Cancer):		
Substance is not listed.		
· Canadian Domestic Substances List (DSL) (Substances not listed.):		
Substance is listed.		

# **16 Other information**

This information is based on our present knowledge. However, this shall not constitute a guarantee for any specific product features and shall not establish a legally valid contractual relationship.
