

HOT TUBE TONE COOL DSP EFFECTS

Ashdown's new Fallen Angel DSP guitar amps give you a killer range of clean and overdrive real tube tones with stunning built-in digital effects – all at a price that won't break the bank.

And with channel selection, dual master volumes, lead boost and FX all selectable by a 4-way footswitch that comes as standard, you'll be plugging into one of the most versatile guitar amps in the business.

Take a trip to the dark side and check out the Fallen Angel DSP at a music store near you, or visit the Ashdown website for more info.

Available in
tube preamp and
all-tube versions
