

BOBBLE HEADS

A 3D Caricature of anyone!

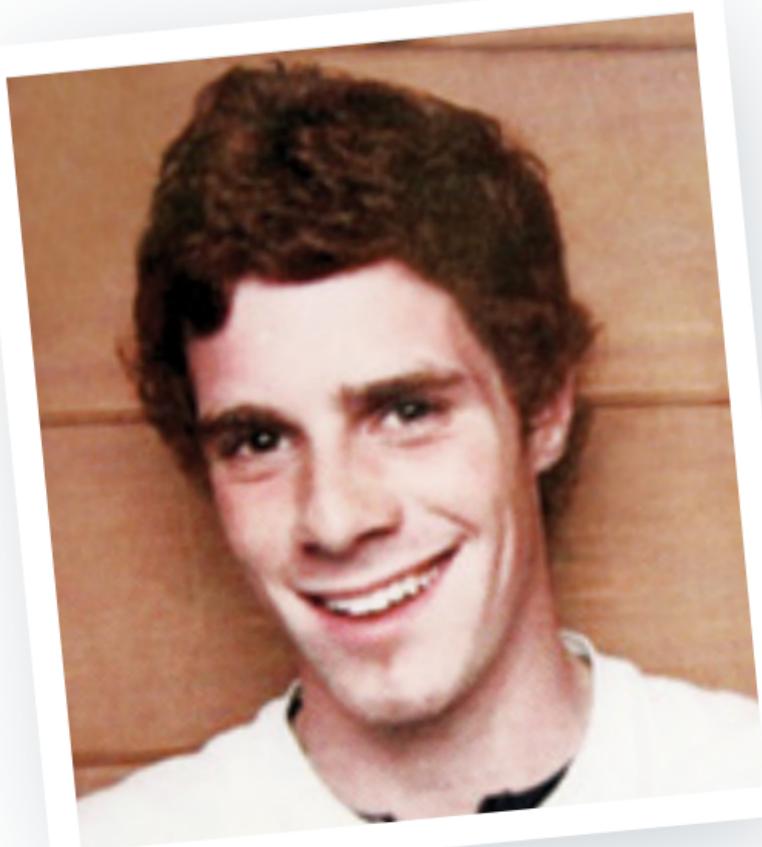

THINGS
ENGRAVED

WHAT MAKES A GOOD PHOTO?

- Photos should be frontal close-ups.
- Ensure photos are clear and not blurry.
- Photos must be uploaded at 500KB or less.
- Don't send high resolution photos, anything higher than 500KB may stop your order from being received.
- The heads are completely hand sculpted. If the head shot you provide us with shows a *hat* or *glasses*, these will be sculpted on your bobblehead.
- You will be provided with a large choice of body styles when you place your order. *We do not customize bodies which are prefabricated.*

All inquiries regarding your order should be emailed directly to the factory with your 10-Digit work order number/pin # to: thingsengraved@youbobble.com
