Creative and innovative – The **multi bloc** allows you to display single or multiple images. Your images are mounted to the back of 15mm thick acrylic blocs which are then mounted to a 5mm acrylic high gloss back panel. The result is that your images protrude off the back panel to give an amazing view of the image from all sides.

With the **multi bloc** you can create your own unique frame by placing the images portrait or landscape or by using a combination of both. The blocs containing the images are available in a variety of configurations. The back panel is available in gloss black, gloss white and frosted there is a choice of either 'stand-off fixing studs' or 'stand-off keyhole hangers'. The **multi bloc** is the perfect way to display a sequence of images and offers a striking effect with the images raised off the frame. The multi bloc is one of the most popular frames in the collection.

Canvas in a frame - The **canvas float bloc** is a stylish alternative to standard canvas framing as your image is printed onto a canvas bloc and then fixed inside minimalistic flat edge frame. With tiny gaps between the canvas bloc and the frame it gives the appearance that the image is floating inside the wood frame.

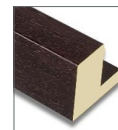

The contrast of the wood and the canvas is unique and it is a very elegant way to frame and present a canvas print. The float frame is available in either black, white or wenge.

Ultra slim frame that is both lightweight and rigid. The **dibond bloc** is popular with photographic artists to display their work in galleries.

The **dibond bloc** is ultra slim and gives the impression that the print is floating on the wall. Your image is mounted to a aluminium composite frame and is heat sealed for added protection. The aluminium composite gives this frame its strength so although it is ultra slim it is completely rigid.

This frame is available with either gloss, satin matt or a hard wearing sand texture finish. The baton hanging fixtures give the frame a 15mm lift from the wall which gives an amazing floating effect.

Picture Bloc offer a professional photographic Giclée printing service. We use state of the art technology and software to create excellent prints every time. Your images are printed onto a selection of high grade archival media from Hahnemühle and Fujifilm using the state of the art Epson 9900 printers with UltraChrome HDR inks. Adobe colour managed workflow is used, to ensure your images are printed in true colour.

We will not change your embedded colour space profiles unless requested to do so or make any alterations to your image unless instructed by you.

If you have any printing specifications or requirements please let us know. We can provide you with a test print if necessary to show you the excellent quality of our prints. Our range of photographic papers include Gloss, Lustre and a range of Hahnemühle Fine Art. We also have a large range of other sizes and media available on request.
