INTRODUCTION

Welcome to your new Raycon Fitness Earbuds!

We are Raycon. We create carefully crafted wireless audio products for go-getters who need tech that keeps up with them. We teamed up with expert engineers, leading taste-makers, and platinum artists to design products you'll love to use.

We believe in the early risers and the one-more-milers of the world. Premium audio, inspired by you.

Before using your product, we strongly encourage you to fully read through this user guide. You can also visit our support center at www.rayconglobal.com/support. This web page has more specific guidelines and helpful videos for you to navigate your product. For the best performance, charge fully before first use.

Pairing ID: **The Fitness Earbuds**

International Manual

FEATURES AT A GLANCE

PERFECT FIT STABILIZERS
Perfect fit stabilizers make sure your Fitness Earbuds stay put even while you're on the move.

IPX7 WATERPROOF
Tough conditions don't get in the way of your workouts, they definitely won't get in the way of your tunes because the Fitness Earbuds are IPX7 waterproof.

54 HOURS OF BATTERY LIFE
You don't have time to wait around for a charge, that's why the Fitness Earbuds have 54 Hours of battery life.

AWARENESS MODE
Stay focused on your workout but in tune with your surroundings with Awareness Mode.

VIVID VOICE TECHNOLOGY
Make your voice heard loud and clear even while you're breaking a sweat with Vivid Voice Technology.

THREE SOUND PROFILES
Three Sound Profiles keep your workouts exciting by keeping the sound fresh.

QUICK START GUIDE

1. Take your earbuds out of the capsule. Both earbuds will connect to each other automatically.
2. From the source device, go to Bluetooth Settings, search for "The Fitness Earbuds" to pair and select it to pair.
3. Enjoy your Raycon Fitness Earbuds!

CHARGING YOUR DEVICE

1. Charging the Earbuds
 - Place Earbuds in the capsule
 - Charging: The left and right lights on the charging capsule will flash red to indicate that the earbuds are charging
 - Battery Indicator: The white lights on the capsule will indicate the amount of charge remaining on the earbuds

Call / Play: About 9 hours
Total battery life: About 54 hours

2. Charging The Capsule
 - Connect with Type-C cable
 - Charging: While charging, the lights on the capsule will flash white
 - Fully Charged: When fully charged, lights will turn off

A fully charged capsule can completely recharge the earbuds up to 5 times before needing to recharge the capsule.

Wireless Charging: Simply place the case on any Qi-compatible charging mat.

FUNCTIONS

SOUND PROFILES

Your sound, your way! As our sound profiles were crafted by artists and producers at the top of the industry, you're in good hands.

PURE SOUND
Our most refined sound, perfect clarity to hear every single note.

BALANCED SOUND
A leveled sound that is great for all around performance and warmth.

BASS SOUND
Our bass boosted sound, great for songs with strong beats and a go-to for bass lovers.

Hold for 3 secs to toggle between Sound Profiles

AWARENESS MODE

AWARENESS MODE
Hear what's happening around you.

Hold for 3 secs to toggle Awareness Mode On/Off

FACTORY RESET

FACTORY RESET - First, delete the "The Fitness Earbuds" from the Bluetooth settings on your device, and place your earbuds back in the capsule.

While earbuds are in charging capsule, hold the "RESET" button 5 seconds or until the battery indicator lights flash. Please ensure that the charging capsule has enough charge.

Close the charging capsule to complete the reset function.

Follow instructions in Quick Start Guide section to reconnect earbuds to source device.

GEL TIPS

XS M L XL

Customize your fit. Select the right size gel tip for you! Keep gel tips clean to ensure a great listening experience.

PERFECT FIT STABILIZERS

XS M L

Find the Perfect Fit. Select the right size stabilizer for you!

THE PERFECT FIT SHOULD LOOK LIKE THIS

Insert the earbuds into your ear. Rotate the earbuds slightly forward. The perfect fit should look like this.

HOW TO CHANGE GEL TIPS

Choose and install the gel tip that gives you the most comfortable and secure fit.

Flip the gel tip inside out.

Align gel tip with earbuds and insert it.

Flip the gel tip back to front.

Ensure gel tip is securely attached before use.

HOW TO CHANGE STABILIZERS

Ensure the stabilizer corresponds with the correct earbud.

Secure the inner hook of the stabilizer into the groove at the top of the earbud.

Guide the stabilizer into place.

Ensure stabilizer is fully secure before use.

SAFETY GUIDELINES

Please follow the safety guidelines below at all times when operating or caring for your device.

- Be wary of any edges, uneven surfaces, and metal parts, including on accessories and product packaging, to prevent any possible injury or damage.
- Listen to music at a proper volume to avoid damaging your hearing and the earbuds.
- Do not store in high temperatures, such as in a hot vehicle or in direct sunlight.
- Do not expose the earbuds or any of its supplied parts to rain or other liquids for extended periods of time. Follow IPX7 Rating Guidelines.
- If wet or submerged, please wipe dry as best possible before charging earbuds or capsule.
- Do not drop or cause undue impact to the earbuds.
- Do not modify, repair, or dismantle the product on your own.
- Do not use any diluent or volatile liquid to clean the product.
- Do not use the product in a hazardous location.

FCC WARNING

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation. Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help. The device has been evaluated to meet general RF exposure statement. The device can be used in portable exposure condition without restriction.

IC Caution:

- English:
This device complies with Industry Canada licence-exempt RSS standard(s). Operation is subject to the following two conditions:
(1) This device may not cause interference, and
(2) This device must accept any interference, including interference that may cause undesired operation of the device.

- French:
Le présent appareil est conforme aux CNR d'Industrie Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes:
(1) l'appareil ne doit pas produire de brouillage, et
(2) l'utilisateur de l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'empêcher le fonctionnement.

FCC ID: 2AZ0V-RBE745
