Charging: Insert the earphones into charging case and double press the power button on charging case, the red lights on of both earphones.
(The earphones will be power off automatically).

Awaken Siri: Press and hold the left earbud for about 3 seconds till a “do” sound comes.

Restore factory setting: When earphones are in pairing mode, double press the MFB, the yellow light will flash.

How to Use Your Charging Capsule?

Power on/off: Double press power button.

Charging: Plug one end of the charging cable into the charging slot and the other end into a USB Power Adapter or a Laptop/Desktop.
When it is full charged, the four white indicator lights stay on. Charging capsule works as a portable power bank for the earbuds.

Pairing Steps:

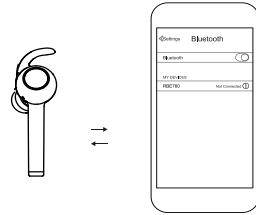

1.Pair the earphone (for example left earphone) with the phone:

Press and hold MFB on the left earphone till the red and green lights flash alternatively to enter pairing mode.

Press and hold MFB on the right earphone for about 2 seconds till the green light flashes (Power on).

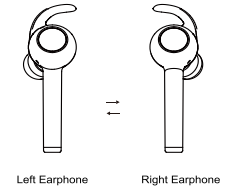

Open the bluetooth on your phone and select the name “RBE760” to connect with the left earphone.

(When after charging, the earphones are turned on when take them out of charging case, pls turn the left earphone off before following the above steps)

2. Reconnection

After earphone charged, pull out earphones from charging capsule, both the earphones will be automatically powered on, the green lights of earphones will flash, and they will be reconnected to each other. The left earphone will be reconnected to the paired phone.

LED Instructions

Low electricity warning: Green light turns to red light flashes slowly(During bluetooth pairing mode, the red and green lights still alternatively flash).

Charging: During charging, the red light is on.When charging is finished, the red light is off.

Connection: Green light flashes slowly.

Unconnection: Green light flashes quickly.

Bluetooth pairing: The red and green lights alternatively flash.

Stay within the effective range:

1.Blutetooth has working range with 10 meters between Bluetooth earphones and phone. If beyond, the audio quality would decline or the device would lose connection.

Safety Precautions:

1. Keep the device out of extreme heat and humid.
2. Do not listen at high volume level for long period to protect hearing.
3. Stop using this product immediately if it causes discomfort or pain.
4. Kindly remind, we strongly recommend that you use earphones at the first time with fully charge.
