FCC WARNING

This device complies with part 15 of the FCC Rules. Operation without the antenna is prohibited. This device may cause harmful interference to radio communications; however, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to other radio communications, you may be required to stop using the equipment. This equipment must be used in accordance with the instructions. The user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
