INTRODUCTION

Welcome to your new Raycon Power Boombox Speaker!

We are Raycon. We create carefully crafted wireless audio products for go-getters who need tech that keeps up with them. We teamed up with expert engineers, leading taste-makers, and platinum artists to design products you'll love to use.

We believe in the the early risers and the one-more-milers of the world. Premium audio, inspired by you.

Before using your product, we strongly encourage you to fully read through this user guide. You can also visit our support center at www.rayconglobal.com/support. This web page has more specific guidelines and helpful videos for you to navigate your product. For best performance, charge fully before first use.

Pairing ID: **The Power Boombox Speaker**

FEATURES AT A GLANCE

- PARTY LED LIGHTS**
You are the DJ and the Boombox is the club. Bring a light show wherever you go.
- MULTI-LINK MODE**
Link the Boombox with multiple speakers via Bluetooth to have a multi-speaker or multi-room wall of sound.
- 8 HRS OF WIRELESS PLAY TIME**
A long lasting battery makes sure the Boombox brings it until closing time.
- THREE SOUND PROFILES**
Bring the noise your way with three distinct sound profiles.
- FOUR AUDIO MODES**
Listen your way with four play modes including Bluetooth, AUX, USB, FM. No matter the source the Party Speaker has got you covered.
- IPX5 WATER RESISTANCE**
Inside or outside, your party is protected from whatever nature throws at it because the Boombox is dressed in IPX5 water resistance.

QUICK START GUIDE

1. Hold "Power On/Off" for about 3 seconds to power speaker on. The speaker will enter pairing mode automatically.
2. From the source device, go to Bluetooth settings and ensure Bluetooth is on. Search for "The Power Boombox Speaker" and select it to pair.
3. Enjoy your Raycon Power Boombox Speaker!

CHARGING YOUR DEVICE

1. Use a standard 5V/1-2A charger or a PC to charge this device.
2. While charging, the 4 LEDs will blink sequentially. When fully charged, the LEDs will turn off. Charging time should be about 5 hours.

FUNCTIONS

CONTROL PANEL TOP VIEW

MEDIA PLAYER CONTROL

- Previous - Hold for 1.5 sec
- Next - Hold for 1.5 sec
- Play/Pause - Press
- Volume Down - Press
- Volume Up - Press

MULTI-LINK MODE

Pair two Power Boombox Speakers together with Multi-link Mode.

1. Power on both speakers and ensure that both speakers are not connected to any bluetooth device.
2. On one speaker, press "Multi-link" to begin pairing. A voice prompt will be audible once speakers are successfully paired.

3. From the source device, search for "The Power Boombox Speaker" and select it to pair.
4. Enjoy your Raycon Power Boombox Speakers with Multi-link Mode! Press "Multi-link" to unpair speakers.

PARTY LED LIGHT SHOW

Press "Light Control" to toggle light show on/off.

USB MODE

To play music from your USB drive, simply insert the drive into the USB port. The speaker will switch to USB mode automatically. Press "MODE" or remove the drive to exit USB Mode

1. Hold "Power On/Off" for about 3 seconds to turn speaker on.
2. Insert a USB drive into USB port. The speaker will play the stored music automatically.

FM RADIO MODE

1. Hold "Power On/Off" for about 3 seconds to power on.
2. Press "Mode" until FM Mode is selected.
3. Hold "Next/Volume Up" for about 1.5 seconds to scan for and store FM channels.
4. Hold "Previous/Volume Down" for about 1.5 sec to toggle between stored channels.

AUX-IN MODE

To enjoy music from your MP3/MP4 player or other device, use the supplied audio cable to connect the device to the Raycon Power Boombox Speaker. While in AUX Mode, all playback functions will be controlled from the source device.

The speaker will automatically switch to AUX Mode when a compatible device is connected using the audio cable. Press "Mode" or remove AUX cable from speaker to exit AUX Mode.

RESET FUNCTION

If the speaker does not respond, the speaker can be reset by inserting a small round pin into the Reset Slot to press the button inside. Please be gentle when inserting pin.

SOUND PROFILES

Your sound, your way. Our sound profiles are designed by artists and producers at the top of the industry. Hold "Sound Profiles" for 1.5 seconds to toggle between Sound Profiles.

- PURE SOUND**
Our most refined sound, perfect to hear every single note.
- BALANCED SOUND**
A leveled sound that is great for all around performance and clarity.
- BASS SOUND**
Our bass boosted sound, great for songs with strong beats and a go-to for bass lovers.

SAFETY GUIDELINES

Please follow the safety guidelines below at all times when operating or caring for your device.

- Be wary of any edges, uneven surfaces, and metal parts, including on accessories and product packaging, to prevent any possible injury or damage.
- Listen to music at a proper volume to avoid damaging your hearing and speaker.
- Do not store in high temperatures, such as in a hot vehicle or in direct sunlight
- Store in cool and dry area
- Do not drop or cause undue impact to the speaker.
- Do not modify, repair, or dismantle the product on your own.
- Do not expose speaker and any of its supplied parts to liquid such as rain for prolonged periods of time. Follow IPX Rating guidelines
- Do not expose the speaker to water while charging, as doing so may result in damage to the speaker or the power source.
- When cleaning this speaker, use a soft dry cloth. For more severe stains, dampen the cloth with water only. Anything else increases the chance of dissolving the paint or damaging the plastic.

FCC WARNING

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) this device may not cause harmful interference, and
- (2) this device must accept any interference received, including interference that may cause undesired operation. Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help. The device has been evaluated to meet general RF exposure statement. The device can be used in portable exposure condition without restriction.

IC Caution:
Radio Standards Specification RSS-Gen, issue 5

- English:
This device contains licence-exempt transmitter(s)/receiver(s) that comply with Innovation, Science and Economic Development Canada's licence-exempt RSS(s). Operation is subject to the following two conditions:
This device may not cause interference.
This device must accept any interference, including interference that may cause undesired operation of the device.

RF exposure statement:
The equipment complies with IC Radiation exposure limit set forth for uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator and your body.

- French:
Cet appareil contient des émetteurs / récepteurs exemptés de licence conformes aux RSS (RSS) d'Innovation, Sciences et Développement économique Canada. Le fonctionnement est soumis aux deux conditions suivantes:
Cet appareil ne doit pas causer d'interférences.
Cet appareil doit accepter toutes les interférences, y compris celles susceptibles de provoquer un fonctionnement indésirable de l'appareil.
Déclaration d'exposition RF:
L'équipement est conforme à la limite d'exposition aux radiations de la IC établie pour un environnement non contrôlé. Cet équipement doit être installé et utilisé avec une distance minimale de 20 cm entre le radiateur et votre corps.
