ALWAYS READY™

Blackout Buddy Connect Charge

Connected Motion Sensor, USB Charger, Emergency Flashlight, and Nightlight

- WiFi Connected Motion Sensor
- Emergency Light
- LED Flashlight
- Nightlight
- 2 USB Charging Ports

Bring Five Functions to your Connected Home

This Apple HomeKit, Google Home and Amazon Alexa connected motion sensor and emergency LED flashlight doubles as an intelligent nightlight with two USB ports to charge two smartphones simultaneously. When the lights go out, the device functions as a power bank.

Real Time Notifications

The network-connected Blackout Buddy stands watch over your home while you away and notifies you of anything out of the ordinary, providing peace of mind.

Light the Way

The intelligent motion sensor turns a darkened room into a lighted pathway by automatically controlling the integrated nightlight's brightness.

Ready for Action

Just leave the slim and trim Blackout Buddy in your wall socket. When the power goes out, the Blackout Buddy automatically turns on for emergency light and backup power, thanks to the long-lasting 2000 mAh rechargeable lithium battery.
